About Kaveri Seed Company Limited (Kaveri Seeds)

Kaveri Seeds is one of India's largest seed companies, with a strong Research and Development (R&D) base for developing quality hybrids in key Indian crops. Multi-crop portfolio, superior R&D, strong brand equity, robust supply chain capabilities and sound financial position are pillars of Kaveri's business strategy for long-term success.

Seed is well-being in a nutshell.

With the intervention of advanced research and technology, the potential of a seed can be enormously enhanced to contribute sustainably to India's growing demand for food and nutrition.

The country's seed sector is the world's fifth largest due to the diversity in agro-climatic conditions that help produce a large variety of field crops and vegetables. This scenario unfolds an inexhaustible genetic variability and promises further development of hybrids and varieties.

India's seed sector is growing by around 10%. Still, there is a significant gap to reach 100% Seed Replacement Rate (SRR), creating a further headroom

for growth. The congenial climatic conditions also offer huge untapped opportunity for the seed sector to supply quality seeds to fulfil domestic and international demand.

We, at Kaveri, are focusing our research efforts on field crops and vegetables to develop promising hybrids or varieties in tailored environmental conditions. We have ramped up our R&D infrastructure to deliver the right products to meet the aspirations of farmers.

By unlocking the latent power of seeds through our ideas, innovation and initiatives, we are driving unbounded growth for Kaveri as well as creating value for our stakeholders and the nation.

About us

Kaveri Seeds at a glance

Our journey began in 1976 when Sri G. V. Bhaskar Rao, a young and dynamic agriculture graduate, ventured into India's agrarian sector through his start-up G. V. B. Rao & Company. In 1986, his small seed production facility transformed into Kaveri Seed Company Private Limited. In 2007, it was listed as a Public Limited Company.

Today, we are one of India's fastest growing seed companies with a wide portfolio, large network of distributors and dealers and a pan-India customer base. Our major focus is to innovate and help farmers capture market opportunities and face

external challenges, leveraging our understanding of soil conditions and the needs of growers in India.

Our relentless pursuit of seed innovation has helped significantly improve the yield of farmers. We have developed a committed grower network across 12 different agro-climatic zones of India. We focus on designing suitable hybrids, keeping in mind the farmers' needs and consumers' preferences. Our diverse portfolio caters to key crop segments and mitigates the risk of unanticipated shifts in crop rotation. Our products are gaining acceptance among India's farmers and in countries where we export our seeds.

We possess a strong in-house R&D base, recognised since 2001 by the Government of India's Department of Scientific and Industrial Research (DSIR). We consistently invest in R&D as part of our sustainable growth strategy. To harness the potential of biotechnology in fostering and fortifying traditional breeding methods, we have formulated an integrated programme for molecular breeding. Our state-of-the-art biotechnology laboratory is well-equipped with sophisticated equipment and is supported by highly qualified personnel.

Vision

With consistent performance in all functional areas of the Company, our endeavour is to make Kaveri a benchmark seed company with the best of research, innovation and product development.

Mission

To realise our vision, every member at Kaveri will adopt consequential values of the Company and inculcate sustainable business practices. In our endeavour to reach the goal, team Kaveri would uphold all brand promises to its stakeholders.

Reputation

Kaveri has sowed and nurtured the seeds of trust and loyalty among farmers for decades. The result is that we have now emerged as the preferred choice of the farming fraternity across India. We have steadily transformed our products, processes and innovative techniques to deliver the best of science, while enhancing farm productivity and ensuring food and nutritional security for millions of people.

Offerings

Breeding genetically enhanced hybrids and inbred varieties, thereby improving the yield and quality, resistance to various biotic and abiotic stresses (pests, diseases and conditions such as drought and heat, among others), represent the hallmark of Kaveri Seeds. We collaborate with numerous research institutions for developing products that cater to the changing requirements of customers. Today, we offer more than 125 high-quality hybrids and varieties developed across field and vegetable crops.

Accreditations

Our promising parental lines and hybrids were applied for registration with Protection Plant Varieties and Farmers Rights Authority (PPV&FRA) to safeguard our Intellectual Property Rights.

20

Hybrids were released and notified under Central Variety Release Committee (CVRC), Government of India

18

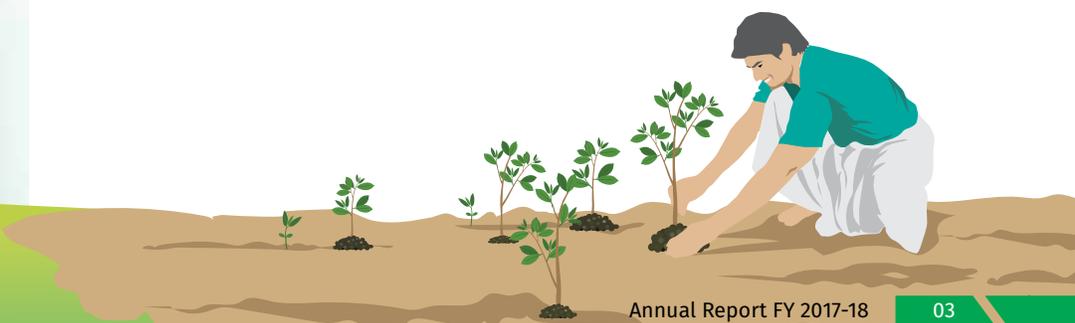

Hybrids were recommended for inclusion in the Organisation for Economic Co-operation and Development (OECD) Seed Scheme list, to market in other countries

Recognition

Kaveri Seeds is globally recognised as a significant player in India's agri-business landscape. Our Company has figured five times on the Forbes Asia's 200 Best Under A Billion list, from 2010 to 2013 and in 2015. We were conferred the Bio-Excellence Asia Award by Karnataka Government's Departments of Information Technology (IT), Biotechnology (BT) and Science and Technology (S&T), in 2015.

Our Chairman & Managing Director, Sri. G. V. Bhaskar Rao, was nominated as a Board member at the prestigious Professor Jayashankar Telangana State Agricultural University (PJTSAU), Hyderabad, in 2017. He became a member of the Extant Variety Recommendation Committee (EVRC) of PPV&FRA, New Delhi, in 2016 for a period of three years. He is also the Governing Council Member for the National Seed Association of India (NSAI).

Key performance indicators

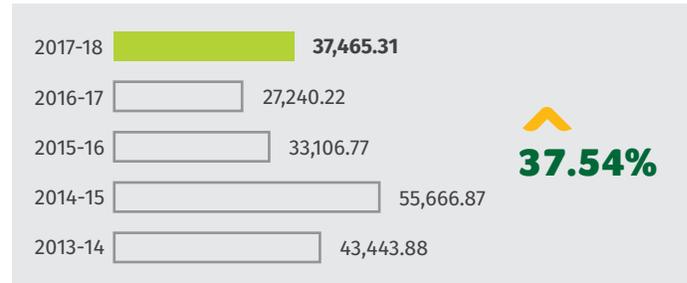

Sustainable financials

Revenue (₹ in lakhs)

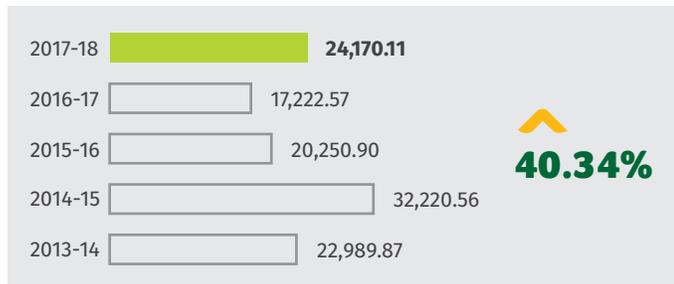

Our revenue growth was driven by sustained demand across product categories.

Operating Profit (₹ in lakhs)

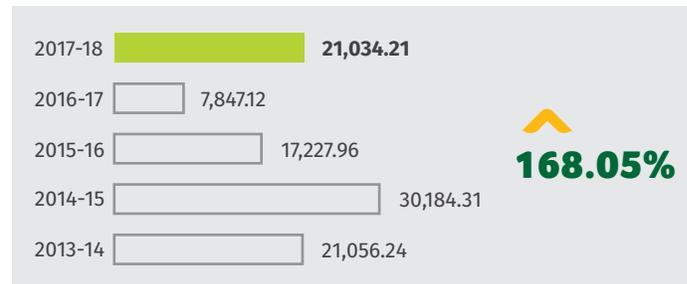

Our operating profit grew owing to our consistent drive for operational efficiencies.

EBIDTA (₹ in lakhs)

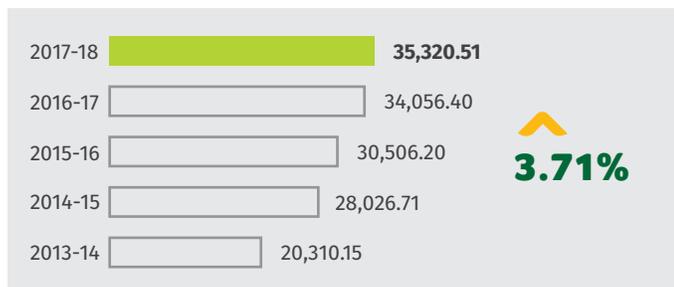

Our EBIDTA strengthened on account of robust control on direct costs.

Net Profit (₹ in lakhs)

Our net profit escalated owing to stable realisations and strengthened product portfolio.

Gross Block (₹ in lakhs)

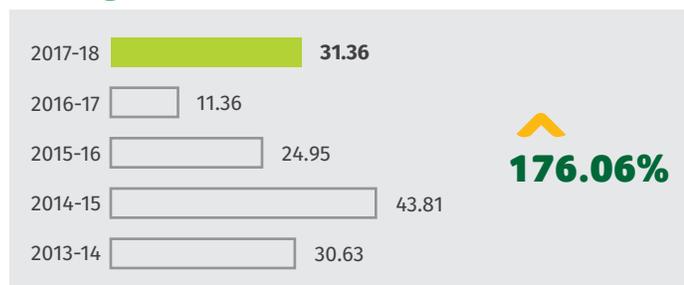

Our increasing gross block indicates our growing scale of operations.

 y-o-y growth

Earnings Per Share (₹)

Our Earnings Per Share grew on account of higher profitability.

Dividend Per share (₹)

We continued to reward shareholders through dividend pay-out.

Growing seed potential

"We believe that innovation and strategic investment represents the cornerstone for sustainable development. To meet the growing demand our research concentrates on genetics, technology and sophisticated strategies to design and develop hybrids for multiple regions."

G. V. Bhaskar Rao
Chairman & Managing Director

Dear Shareowners,

I am delighted to share our performance for 2017-18. But before I move on to the details, it is important that we take a moment to reflect on the macro scenario unfolding around us, which makes our business relevant and value-accretive for the long term.

India's growing population (~1.3 billion people) and consequently increasing demand for food as well as urban amenities are exerting pressure on limited arable land. The area under cultivation (about 157 Mha) also remains under pressure since acquiring additional farmland through the conversion of forests entails significant environment risk. The need of the hour is to increase the use of high-yield quality seeds that enhance agricultural productivity.

Besides, agriculture in India faces a number of other concerns, central to which is diminishing crop output. Due to the rising incidence of insects, pests and diseases and climate change, crop output is declining to a great extent. There is a dire need to harness the potential of seeds to help crops combat these challenges, while maintaining focus on emerging biotech and non-biotech technologies.

The Union Government has set an ambitious goal of doubling farmer income by 2022. The agriculture sector in the country, as a result, is expected to generate better momentum in the coming years. The Government plans to increase investment in infrastructure such as irrigation facilities, warehousing and cold storage, among others.

At the same time, the growing use of biotechnology in agriculture is likely to improve the yield of crops, thus improving farmers' economic status.

Shaping a growth-oriented approach

Improved seeds are the primary reasons for agricultural growth. Kaveri Seeds is one of the premier Indian seed companies and among the top three in the Indian seed industry.

We undertake efficient and judicious planning for seed production, emphasising on a diverse set of geographies, to minimise our production-related losses and sharpen our competitive advantage. Our research concentrates on genetics, technology and sophisticated strategies

to design and develop hybrids for multiple regions. With a strong R&D base and a vibrant distribution network, we have been producing and marketing high-quality seed varieties for more than three decades. Our skills, creativity, expertise and experience, as well as the right product portfolio in different crops, help fulfil the aspirations of farmers and consumers of India.

We believe that innovation and strategic investment represents the cornerstone for sustainable development. To meet the growing demand for maize cob drying, we have created an advanced drying facility with a capacity of 1,500 tonnes per cycle, so as to achieve 9,000 tonnes in six cycles in a year. Further, we have established a 10 tonne-per-hour capacity processing plant at Mulangur.

We aspire to be the global market leader by following our vision and mission and producing world-class seeds. Our research efforts are focused on the pre-and post-harvest technologies of seed production.

Performing sustainably

During the year, India received substantial and timely rainfall. Our revenue from operations grew by 15.30%, from ₹ 669.89 crores in 2016-17 to ₹ 772.40 crores in 2017-18, on account of enhanced capacity and customer mix. Our EBITDA increased by 40.34%, from ₹ 172.23 crores in 2016-17 to ₹ 241.70 crores in 2017-18. Our PAT also witnessed a rise of 168.05%, from ₹ 78.47 crores in 2016-17 to ₹ 210.34 crores in 2017-18 owing to growing portfolio of value-added products.

Our investment in product innovation, design and development has borne encouraging outcomes with the launch

of new hybrids in our mandate crops. The year marked a high success rate for our product development, with the commercial launch of hybrids in the field and vegetable crop segments, including Drona, Sultan and KMH 463 in maize; Money Maker in cotton; KPH-468 and KPH-475 in rice; and Maximo, Singham and Supremo in bajra.

During the year, our new products showed encouraging results for our business. I am happy to share that six of our promising hybrids across different crop segments were notified and released by the Central Variety Release Committee (CVRC), Government of India, raising our overall tally of such CVRC-notified hybrids to 20. Our classic warhorses such as Jadoo, ATM and Super Boss, among others, continued to consolidate our position in the market. Products such as KBH 103, KBH 4252, KTH 326 and KTOH 1301 are in the pipeline.

Going forward, at Kaveri Seeds, new breeding strategies are in place to help us further increase our R&D efficiencies. We will continue to excel in the invention and development of superior products, primarily those that are suitable for India's different agro-climatic conditions.

Investing in talent

We strive hard to offer a motivating work culture to our people, where performance is recognised and rewarded. Teams are encouraged to enhance their skills and realise their true potential. We attract, develop and engage talent and manage them efficiently by formulating strategies and initiatives to achieve our goals.

Reinforcing ties with communities

As a part of our corporate citizenship agenda, we undertake several sustainability initiatives in the rural communities of Gatla Narsingapur, Ramnagar and Bollena Pally, in Telangana, to help improve their quality of life. Our intervention in the areas of education, farmer welfare and community empowerment enable the rural residents be a part of India's socio-economic progress.

Way forward

I am deeply grateful for the steadfast dedication shown by our people in the course of our journey. I thank the go-getters of Kaveri Seeds for their untiring dedication, hard work and commitment.

On behalf of my colleagues on the Board, I would like to express my sincere gratitude to you – our customers, employees, suppliers, business partners and shareholders – for embracing our vision and propelling our initiatives. I am confident that with your continued support and encouragement, Kaveri Seeds will attain greater heights in the coming years. With several new initiatives in the works, we look forward to another successful year ahead.

Warm regards

G. V. Bhaskar Rao

Chairman & Managing Director

Stakeholder value creation

How we create sustainable value

Sustainable value creation for all stakeholders is the primary reason for us to be in business. Here is a brief explanation of our value creation strategy for the medium and long-term.

Stakeholders	Objectives	Outcomes in 2017-18
Investors 	Provide investors with attractive financial returns and keep them informed about our progress through regular communication	<ul style="list-style-type: none"> Proposed a dividend of ₹ 3 per share in 2017-18 Market capitalisation stood at ₹ 3,194.89 crores as on 31st March 2018. Buyback of 2,962,963 equity shares at a price of ₹ 675 per equity share, aggregating to ₹ 200.00 crores.
Farmers/ customers 	Enrich the value proposition with conventional and hybrid seeds for various climatic conditions and pest-/disease-resistant, soil conditions	<ul style="list-style-type: none"> Interacted with farmers across geographies to raise awareness on new and high-yielding products Educated them about best-in-class farming techniques Participated in and sponsored various agricultural fairs Provided time-critical farm assistance and quality products Expanded presence across markets with a better product portfolio
Employees 	Equip people with relevant insight and expertise to deliver on stakeholder commitments	<ul style="list-style-type: none"> Organised training programmes to improve behavioural and communication skills Invited eminent consultants to conduct knowledge sessions on plant breeding, seed science and technology, agronomy and related fields Spearheaded product development with discussions on frontier research in agriculture and allied subjects Conducted technical training programmes on various aspects for our R&D Imparted effective crop management and product training for evaluation staff Introduced quarterly 'Utkrista Puraskar' award programme for recognising top performers Hosted various programmes such as annual day celebrations and fun events on the last Saturday of every month Provided group insurance schemes, Medclaim benefits and gratuity (linked to life insurance)

Stakeholders	Objectives	Outcomes in 2017-18
<h3 data-bbox="136 306 412 394">Seed growers/ vendors</h3> 	<p>Create a trust-based, mutually rewarding and sustainable relationship.</p>	<ul style="list-style-type: none"> • Incorporated strategic planning and dedicated R&D initiatives for better production of seed yield • Addressed challenges in seed production to enhance volume and quality in seed production • Introduced data base decision-making on quality seed production • Undertook vegetable seed production with assured irrigated conditions, hedging against risk during the <i>kharif</i> and <i>rabi</i> seasons • Strengthened the regulatory compliance and management system for all associated activities in seed production • Introduced the 'Kaveri Village' concept
<h3 data-bbox="136 751 363 840">Dealers/ distributors</h3> 	<p>Ensure our products are the first choice of dealers</p>	<ul style="list-style-type: none"> • Conducted region-wise meetings for retailers time to time • Educated distributors and retailers about our product profile • Organised loyalty trips (foreign and domestic tours) for distributors
<h3 data-bbox="136 1136 370 1178">Government</h3> 	<p>Collaborate and ensure food security, job creation and skill development</p>	<ul style="list-style-type: none"> • Developed a skilled workforce with investments in training • Helped improve yield of farmers, helping India move towards food security • Partnered with several reputed international and national organisations to strengthen the R&D pipeline • Collaborated to sponsor and participate in agricultural fairs at state and district levels
<h3 data-bbox="136 1514 386 1556">Communities</h3> 	<p>Share trustworthy relationships with communities around us</p>	<ul style="list-style-type: none"> • Adopted villages (Gatla Narsingapur, Ramnagar and Bollena Pally in Telangana) to strengthen rural education, agriculture and infrastructure • Contributed towards enriching cultural aspects of local communities

Exploring new growth frontiers

Innovation creates and protects value for the long-term

Our research efforts continue to show the way forward in product development. Collaborations with several national and international institutions enable us to create products that meet the requirements of farmers and consumer preferences. Our products are planned bearing in mind biotic and abiotic stresses, along with the looming threat of climate change.

Seed innovation at Kaveri Seeds has helped increase farmer yields significantly – earning us goodwill among farmers and distributors. Kaveri Seeds' premier hybrid varieties of BT cotton, maize and rice (including selection rice) are at the forefront of the seed market.

Focus on biotechnology

Biotechnology holds significant potential in fostering and fortifying traditional breeding methods. We employ advanced biotechnological tools, along with conventional breeding, to achieve our objective of designing the right type of products.

We have formulated an integrated programme of molecular breeding as part of our reinforced R&D efforts towards building high-yielding hybrid technology.

Emphasis on product pipeline

Product pipelines reflect the R&D strength of a seed company; they are the most important yardstick of success. Kaveri Seeds, over the years, has systematically built dedicated research farms and biotechnology laboratory, a talented pool of scientists and technically competent personnel, and workrooms for quality control. The Company engaged in the following initiatives to improve its product pipeline:

- Promising entries of different crops were tested by the Multi-Location Trial (MLT) team across 42 locations in India, before advancing them to the demo stage.
- Conducted 34 MLTs throughout India for tomato, hot pepper, eggplant, okra and bitter gourd, among others, to identify product pipelines. Based on market demand, seed production was planned on a large scale for promising products, to meet the inventory.
- Have 25 acres of research farm exclusively for vegetables, including two acres for gourds under drip irrigation and one acre of net houses area for hot pepper breeder seed increase and pollination management.
- Have satellite multi-location centres across India to understand the production adaptability performance with product development staff.

Exploring new growth frontiers

Innovation creates and protects value for the long term

New products launched in 2017-18

Field crops

During the year, two hybrids in cotton, three hybrids each in maize, rice and bajra, while in selection rice, three varieties were commercialised.

Vegetables

Two products each in okra and tomato and one hybrid in hot pepper has been commercialised.

Focus on germplasm

Germplasm acts as a reservoir for further breeding programmes in frontier line of research to carve, augment and design the plant types according to the changing needs of different farmers across various crop segments.

We deployed frontier technologies such as doubled haploid breeding, Marker Assisted Selection (MAS), Marker Assisted Recurrent Selection (MARS), Rapid Generation Advance (RGA), inbred pool heterotic bins and Multi-parent Advanced Generation Inter-Cross Populations (MAGIC) to further boost germplasm.

Road ahead

We will continue to develop products for biotic and abiotic situations. We will concentrate our research efforts for strengthening our multi-crop portfolio, particularly in segments of selection rice, maize and pearl millet. Many promising products are under pipeline in field and vegetable crops and will be launched in the near future to maintain our market prominence.

Important accreditations

Our enriched germplasm/parental lines and hybrids are registered with PPV&FRA. Two rice hybrids, KPH 459 and KPH 473; two maize hybrids, KMH 2589 (Drona) and KMH 1411 (Top Class), and one hybrid each in tomato (KTH 304) and in sunflower (Kaveri Champ), were released and notified under CVRC, GoI, in 2017-18.

Nagappa J

Maize farmer
Holeharlahalli, Davanagare,
Karnataka

Farmer speak

Maximising disease tolerance

"I grow maize across 20-25 acres annually. I have used Kaveri's seeds to sow my fields for more than a decade. I was satisfied with the yields produced by hybrids such as KMH 25K55 and Minchu. For the *kharif* season of 2017, I purchased Kaveri's Drona hybrid from Honnalli. I sowed it across five acres, while the remaining land was sowed with KMH 25K55 and other hybrid varieties. I adopted the given package of practices associated with Drona, as instructed by Kaveri's sales team. Drona demonstrated a high shelling percentage as well as high yields.

In October 2017, the Company conducted a mega field-day on my cultivation site. The field was found to be free from the wilt disease – a major menace for maize cultivation in the regions of Karnataka. Almost 300 farmers from surrounding areas participated in the event. Impressed with the results, they planned to switch over to Drona in *kharif* 2018. I wholeheartedly thank Kaveri for its breakthrough research in maize."

Success Story - Rice hybrid

Augmenting yield

"Kaveri Seeds' promising rice hybrid KPH 468 is a mid-early-duration hybrid with a long, bold grain type, a sturdy culm, a non-lodging habit and unique apiculus anthocyanin pigmentation.

It gives a very uniform stand, renders table-top performance and has demonstrated outstanding grain yield – out-yielding its competing hybrids in most of the areas grown, during *kharif* 2017.

KPH 468 has gained significant popularity in Uttar Pradesh, Bihar, Jharkhand and Chhattisgarh. In Uttar Pradesh, Kaveri Seeds is going to scale up the production of KPH 468 rice hybrid in the ensuing *kharif* 2018."

Exploring new growth frontiers

Robust supply chain ensures seamless delivery

Our untiring efforts to sustain the quality of our products through innovation, commitment and dedication have gained the trust of our growers. Our processes are differentiated, and we are well-equipped to produce best-in-class output across our production zones. We focus on Seed Production Research (SPR) in different seed production geographies and crop-specific zones.

Our unique supply chain management relies on three factors: seed quality, delivering production volumes in time and Cost of Goods Sold (COGS). With a strong base in supply chain management, we continually produce best-in-class seeds. We are supported by outstanding production processes that include planning, field production, inbound logistics, plant processing, storage, outbound logistics and seed market delivery.

Seed-growing capabilities

17

major production units

65,000+

acres of seed production, spanning different agro-climatic conditions

1,00,000+

loyal production growers

2,500+

villages under seed production

13

key production locations that undertake seed production for field and vegetable crops

Supply chain strategies

- Productivity improvement to bring down procurement rates by exploring high-productivity locations such as geno type-specific villages and implementing productivity improvement projects (through SPR for new and existing hybrids)
- Strengthen quality standards
- Value-added services for production growers through the 'Kaveri Village' concept (a win-win approach) along with rewards for high-yielding growers
- Effective inventory management
- Enhance workforce capabilities by developing balanced resources; identify training needs and conduct programmes
- Implement annual improvement projects
- Streamline operational efficiencies and logistics

Exploring new growth frontiers

Robust supply chain ensures seamless delivery

Key initiatives in 2017-18

- Incorporated strategic planning and dedicated customer relationship roles in the seed production management team to improve planning and inventory management
- Addressed the challenges in seed production with meticulous planning and execution – to realise target seed production volume
- Introduced database decision-making in quality seed production
- Hedged climate risk in multiple geographies
- Established and consolidated new geographies to undertake vegetable seed production with assured irrigation conditions, hedging against risk during the *kharif* and *rabi* seasons
- Sought favourable seed production locations for high cross ability, to realise hybrid seed and for newly developed hybrid parental combination for good seed setting
- Implemented state-of-the-art post-seed production operational practices, including the use of mechanical dryers for seed processing – to improve seed efficiency and cost effectiveness
- Proceeded to conduct trials on two-line breeding approach (Genetic Male Sterility – GMS – system) for developing cotton hybrids to reduce manual emasculation, and

subsequently, the cost of seed production, for improving genetic purity and profitability

- Revamped warehouse storage space (for non-seeds inventory such as packing material and seed treatment chemicals, among others)
- Created modern seed storage facilities to ensure the supply of quality seed, hedging against risk during conditions of natural adversity
- Continued evaluation of production environment through field inspection and seed quality assurance training, with defined protocols for field personnel in genetic purity and disease and insect impact
- Enhanced operational efficiency by minimising seed quality failures, inventory write-offs, storing the seed at appropriate seed moisture and maximising the use of cold storage facilities
- Strengthened maintenance breeding to improve the lifespan of promising hybrids

Quality assurance

Quality management is a component of stewardship, which comprises processes and systems to establish and maintain quality in each phase of our product lifecycle. It is our honest endeavour to inculcate quality management across functional domains.

We have adopted the processes to ensure integrated approach to quality

management in our supply chain operations. Seed purity is controlled in the field and in post-harvest handling to ensure the emergence of better seedling. We are equipped with state-of-the-art seed testing laboratory at Pamulaparthi. Seeds are checked for genetic and physical purity as well as germination, following the Indian Minimum Seed Certification Standards (IMSCS).

Road ahead

Vegetable seed production caters to 'low-volume and high-value crops'. Certain initiatives have been taken to identify best organisers. We see scope for improvement in planning and execution to deliver products well before the season.

We are expanding our production footprint further in Maharashtra and Karnataka, which will minimise production risk and enhance operations. We are also planning to scale up production of cotton hybrids under the GMS system.

We are confident that our endeavour towards delivering productivity and efficiency via investments in people, process and infrastructure will help accomplish our long-term operational goals.

**Krishna Sahu**

Maize farmer
Rohna, Chhindwara,
Madhya Pradesh

Farmer speak**Enhancing output**

“I used Kaveri’s maize hybrid KMH Profit in the *kharif* season of 2017. In addition, I followed the required set of practices, including agronomic management, proper irrigation, judicious use of fertilisers, inter-cultivation operations and plant protection measures. In my experience, KMH Profit has proven to be a promising hybrid variety. It produces an excellent plant type – with good cob size, long kernels having appreciable seed weight and low incidence of pests and disease.

It also results in the highest shelling percentage, along with a higher yield. As word spread to other farmers in our village, they started visiting my field. They were impressed that I could produce an average of 32 quintals per acre using KMH Profit. Convinced by the appreciable rise in yield, the farmers too were keen on pursuing the cultivation of KMH Profit in *kharif* 2018.”

**Jeet Ram Lakhra**

Paddy farmer
Murgu, Ranchi, Jharkhand

Farmer speak**Improving farming methods**

“I have been cultivating hybrids in my fields since 2009. My fields are dependent on the monsoon; thus, I use hybrid seeds to mitigate the risk from erratic rainfall. My first and foremost preference, with regard to hybrids, is Kaveri. The Company produces high-yielding, high-quality seeds. Moreover, Kaveri also educates farmers in the village about improved agricultural practices and plant protection methods. Last year, our village recorded a yield of 30 quintals per acre – the highest so far. Kaveri Seeds has transformed the life of every farmer in our village.”

Exploring new growth frontiers

Greater outreach and engagement strengthen brand recall

Over 15,000 direct and indirect distributors across the country, combined with 350 highly motivated marketing professionals, help us extend our market reach. We deploy marketing initiatives that are largely centred around our distributors and farmers.

Engagement

For distributors, we conducted region-wise retailers' meetings across the north and central regions of India. The retailers were educated about Kaveri Seeds' product profile so that they are well-equipped to communicate the performance of these products to farmers. We also organised loyalty trips (foreign and domestic tours) for our distributors to encourage and motivate them, prior to the *kharif* season of 2017.

Through our farmer engagement initiatives, we not only strengthened the confidence and trust of farmers in our brand, but also introduced them to emerging technologies and better farming techniques that increase yield and their income. We interacted with farmers across geographies to raise awareness about our wide product portfolio. We participated in sponsored agricultural fairs at state and district levels. These 'Krishi Melas' are organised in collaboration with the Department of Agriculture of different states, State Agricultural Universities and the Indian Council of Agricultural Research (ICAR).

Brand building

We engaged in several Below the line (BTL) and Above the Line (ATL) branding initiatives for targeted audiences.

Overseas business

India's seed export contributes less than 1% in international trade. Therefore, there is a significant scope for expanding country's seed business globally. National seed companies are putting its efforts to gain international business.

Exploring new growth frontiers

Greater outreach and engagement strengthen brand recall

We are planning to introduce our promising products in key crops across maize, rice, pearl millet, sorghum and vegetables. Product performance trials were also initiated in similar agro-climatic zones of various countries in South Asian Association for Regional Cooperation (SAARC) and in South East Asian and African countries. Our maize hybrids are becoming popular in Bangladesh, thus increasing our market share.

In the years to come, we expect to expand our footprint and sales will be increased substantially in the focused countries. We are also planning global marketing strategies. At the same time, we are aiming to meet international standards in seed quality.

Road ahead

Following the Government's decision to revise down the price of cotton seeds, we expect further pressure on the already tight margins. An additional challenge may arise from reduced availability of cotton seed and higher

COGS owing to lower recovery. Hence, we will focus our efforts to enhance sales in other crops. We will dedicate our promotional efforts towards products in the growth stage, such as Drona, Godfather and Profit in maize; Maximo in bajra; and KPH 468 in hybrid rice. We will add more sales locations to improve our workforce in the market, in continuation of our strategy to expand into new geographies. We will also focus on broadening our channel network in the north-eastern regions and areas of rice, maize and millet crops in North India.

Dhananjay Singh
Distributor

Distributor speak

Trusted quality

“I have been a distributor of Kaveri Seeds for the preceding four years. The farmers in my district mostly elect to buy the Company’s seeds, owing to their excellent quality and high-yielding variety. The quality of yield – whether paddy or maize – is better than other seeds available in the market. It is evident from the farmers’ crop yield that the Company invests large sums of money in developing its seeds.”

Sai Ram Kushtagi
Distributor

Distributor speak

Unmatched variety

“We have been working with Kaveri Seeds for over 15 years. I am pleased with our consistent business growth as a direct outcome of our association. We are fortunate to provide a full range of products for crops that are grown in our areas, including maize, cotton, bajra, pulses, jowar and rice. As a result, our retailer network is content with the field work, promotion, seed quality and packaging of Kaveri.

Our farmers growing maize, bajra, cotton and rice, too, prefer Kaveri. I am proud to say that we did not receive any quality-related complaints regarding Kaveri Seeds’ products that we sold in our territory. Moreover, Kaveri Seeds’ commercial policies are commendable, delivering a win-win proposition for every stakeholder. It comes as no surprise that Kaveri has grown year-on-year in volume and in value, across crops.”

People at Kaveri

People propel our progress

We offer a work environment where our people are inspired to take advantage of opportunities to learn, grow and create a profitable career path for themselves.

At Kaveri Seeds, we work as a team by aligning employee objectives with the organisational strategy to drive business outcomes and personal motivation. We strive to on-board the right people, with the right skills and knowledge, at the right time. Our aim is to acquire, develop and engage talent by effectively managing it with strategies and initiatives directed towards the achievement of our business goals.

Our endeavour is to create an environment that allows teams to excel in their roles – building on their strengths, working towards developing their skillset and offering growth

opportunities. By identifying high-potential and rewarding performers, we encourage a culture of learning and continuous development. Today, our 850+ member-strong workforce drives our growth levers.

Focused training initiatives

Along with several development programmes to enhance managerial skills, we organise training programmes to improve the behavioural and communication skills of our people as well. We invite senior consultants with vast experience in plant breeding, seed science and technology, agronomy and related fields to conduct knowledge sessions. Discussions on frontier

research in agriculture and allied subjects are held to encourage our product development scientists. We organise technical training programmes on various aspects for our Research and Development (R&D) personnel. Training is also imparted to product evaluation staff for effective crop management and data collection.

Greater engagement and care

We host a variety of programmes, annual day celebrations and other activities, including sports and games. In addition, we organise fun events on the last Saturday of every month. Our Human Resource (HR) team ensures that the right benefits are provided to our employees. Group insurance schemes, Medclaim benefits and gratuity (linked to life insurance) have been introduced.

Better incentives

Employees who have been associated with us for a long period were recognised and presented with a token of appreciation. We introduced the 'Utkrista Puraskar' award programme with the goal of incentivising employees to focus on and achieve sustainability objectives. The programme recognises top performers from various departments such as R&D, seed production and sales and marketing, among others.

Social commitments

Strengthening our citizenship efforts

We are a trusted community partner, because we work closely with stakeholders to deliver value. This trust inspires us to be more proactive in helping the community tackle societal challenges.

In our adopted villages of Gatla Narsingapur, Ramnagar and Bollena Pally in Telangana, we conducted the following programmes in 2017-18.

Agriculture

Farmers in Gatla Narsingapur were dependent on favourable monsoon every year for crop cultivation. We de-silted a water tank and drilled numerous borewells in the village to augment irrigation access in the area. As a result, farmers raise two to three crops in a calendar year, with enhanced crop intensity (from 200% to 300%), thereby improving their financial security.

Education

We constructed and furnished a new school building, complete with an air-conditioned computer room with a projector room, a solar power generation system and CCTV cameras, in Siddipet. We also planted trees within the school premises.

We constructed a dining hall with a kitchen and a parking shed, supplied textbooks and offered scholarships to students in our Gatla Narsingapur school. We also funded the expenses for the upkeep of the village's Upper Primary School (UPS) and Zilla Parishad High School (ZPHS), including electricity charges, school uniforms and maintenance of the school canteen and the school bus. We provided scholarships, school uniforms

and books to the needy students to encourage them to pursue higher studies; we have also supplied furniture to Huzurabad constituency schools of Karimnagar district.

Following the construction of our advanced school building in Gatla Narsingapur, the percentage of schoolgoing children has increased substantially. The school's student strength has crossed 700+, by attracting students from neighbouring villages as well. Parents are motivated to send their children to school instead of employing them in their farm operations. The economically backward too are part of this progress. As a result, the literacy level of the village is improving significantly.

We distributed spoken English books to schoolgoing children in the villages of Sirpur Kagajnagar, Adilabad district and Siddipet and Gatla Narsingapur, Warangal Urban. We sponsored gold medals for talented students of B.Sc., Agricultural Engineering at Professor Jayashankar Telangana State Agricultural University (PJTSAU).

Other initiatives

We set up a mineral water plant in Gatla Narsingapur to ensure availability of safe drinking water for the rural poor. We also contributed to Orugallu Kala Vaibhavam, a three-day festival that celebrates the historic journey of Warangal, Telangana.

Board of Directors

Responsible governance

**1 Mr. G. V. Bhaskar Rao**

Chairman and Managing Director

Mr. Rao is the Company's founder promoter and has built it from scratch. He has been the Chairman and Managing Director (CMD) of the Company since its inception, guiding the team to explore new horizons. His foresight to uplift farming communities by developing promising high-yielding varieties of hybrid seeds in crops like cotton, corn, sunflower, paddy, sorghum, bajra and other vegetable seeds has positively influenced millions of farmers and generated employment opportunities. Under his leadership, Kaveri Seeds has become a pioneer and trendsetter in India's seed industry. He is actively involved in giving back to the rural community through various development initiatives. He has a bachelor's degree in Science (Agriculture) from Andhra Pradesh Agriculture University.

2 Dr. G. Pawan

Vice-Chairman – Non-Executive

Dr. Pawan has contributed immensely to the organisation's growth. He has served as a Director for more than a decade and was appointed Vice-Chairman (Non-Executive) of the Company during 2016-17. He has been instrumental in formulating strategic and long-term business plans, assisting the CMD to

do justice to his role and take vital decisions for sustainable value creation of the Company and stakeholders. His consistent focus on strategic issues and long-term business plans and operations will help elevate Kaveri Seeds to a new orbit of competitiveness. He is an MBBS from Jawaharlal Nehru Medical College, Karnataka, and holds Doctor of Medicine degree from Illinois State University, USA.

3 Mrs. G. Vanaja Devi

Whole-Time Director

Mrs. Vanaja Devi has been associated with the Company since its incorporation. She is the founder Director of the Company, regularly assisting the CMD on various aspects of the business. With her instinct to bring innovative ideas to the table, she is the ideal foil and support to the CMD in managing the Company.

She is a guiding force for the Company's Corporate Social Responsibility (CSR) initiatives in the areas of rural infrastructure development and children education. These initiatives broadly include improvement of existing irrigation facilities in the rural areas, so as to improve the area under irrigation to reap good harvest, thereby improve farm yields. Providing infrastructure facilities like construction of school buildings, books, furniture and computers etc., to various schools to

improve student's soft skills. Providing scholarships to the economically backward students to pursue higher studies. The mineral water plants provided for safe drinking water. Under her able management number of social welfare activities were under taken in rural areas to improve the agriculture, education and human health etc.

4 Mr. C. Vamsheedhar

Whole-Time Director

Mr. Vamsheedhar has been part of the Company for more than a decade. He is a dynamic influence, bringing in numerous reforms and creating a valuable brand image of Kaveri Seeds' products in the market. He has a rich experience in marketing and his vision and skills have been instrumental in the exceptional growth in the Company's sales and marketing. He oversees the organisation's overall marketing activities, segment-wise product development and pan-India promotional activities.

5 Mr. C. Mithun Chand

Whole Time Director

Mr. Chand has been associated with Kaveri Seeds for over a decade as an Executive Director. He monitors the day-to-day operational aspects of administration, finance and accounts departments. He possesses a wealth of experience in marketing and finance

and advises the management about financial issues of the Company. While his innovation drives new business platforms, he has contributed significantly in sales and marketing of Kaveri Microteck and other subsidiaries of the Company.

6 Mr. P. Vara Prasad Rao

Independent Director

Mr. Rao has over three-and-a-half decades of experience in general management. He is an expert in business transactions and negotiations and advises the Company accordingly. He is also involved in different Committees, providing his valuable advice for decision-making in key policy matters of the Company. His expertise in finance and accounts helps take Kaveri Seeds to greater heights. He is a graduate in Science.

7 Dr. S. Raghuvardhan Reddy

Independent Director

Dr. Reddy is the former Vice-Chancellor of Acharya N. G. Ranga Agricultural University, with a vast experience in scientific research. He has won several awards, including the prestigious Jawaharlal Nehru Birth Centenary Award for lifetime contribution towards the development of science and technology, especially in the field of agricultural

research. His valuable guidance and suggestions are immensely useful in developing frontier research capabilities to carve the hybrids according to farmers' expectations and consumers' preferences. He has a doctorate degree in Agriculture.

8 Mr. K. Purushotham

Independent Director

Mr. Purushotham has 36 years of experience in the banking and finance sector. He has held several prominent positions in the sector, including General Manager of Indian Overseas Bank (IOB). He is actively involved in Company meetings, advising the management on the subjects of finance, accounting and taxation, among others. He is a graduate in Science (Agriculture).

9 Dr. S. M. Ilyas

Independent Director

Dr. Ilyas retired as a Director of National Academy of Agricultural Research Management (NAARM), Hyderabad. With a vast experience in agriculture and research activities as well as other international assignments, he was re-employed as Project Director (Distance Education) of National Institute of Rural Development (NIRD), Hyderabad. He has held several eminent professional positions including the Vice-Chancellor

of Narendra Deva University of Agriculture and Technology, Uttar Pradesh. He has been awarded several gold medals, including Indian Society of Agricultural Engineers Award, Institution of Engineers (I) in 1997 and 2002 and Fellowship and Commendation Medal for Outstanding Contribution by the Indian Society of Agricultural Engineers (ISAE). He holds a master's degree in Science (Agricultural Engineering) from Indian Agricultural Research Institute, New Delhi, and a doctorate degree in the same subject from the University of Novi Sad, Yugoslavia.

10 Mrs. M. Chaya Ratan

Independent Director

Mrs. Ratan is a retired IAS officer (1977 batch). She was an able administrator, implementing several reforms to bring about change in various departments such as health, college and school education, family welfare and tribal welfare, among others. She worked to uplift poor and marginal sections (including the differently abled members) of society, facilitating their access to basic services. Her efforts helped establish 45 Public Healthcare Centres (PHCs) in tribal areas. She holds a master's degree in Eco-Social Policy and Planning from London School of Economics, England.

Management Discussion and Analysis

Indian Economy

India's GDP grew at 6.7% in FY 2017-18 on the back of greater spending on infrastructure, rising consumption – both urban and rural – and increased public-private investments. During the year, the country saw the introduction of a unified tax regime, the Goods and Services Tax (GST), in the same year, overcoming the initial challenges that arose from the 2016 demonetisation. Recognising the landmark measures implemented by the Government, Moody's, the international credit rating agency, upgraded India's sovereign rating for the first time in 14 years, revising the outlook from stable to positive.

India's GDP Growth (%)

2014-15	2015-16	2016-17	2017-18
7.3	7.6	7.1	6.7

Sectoral Growth (%)

Sectors	2015-16	2016-17	2017-18
Agriculture and food management	0.7	4.9	2.1
Industry	8.8	5.6	4.4
Services	9.7	7.7	8.3

[Source: Central Statistics Office (CSO)]

Data from the Economic Survey of India 2017-18 revealed that after a preliminary analysis of GST data, there has been a 50% jump in the number of indirect taxpayers and a significant increase in voluntary registrations, particularly by small enterprises. The Survey observed that the formal sector payroll was 31% (7.5 crore employees) of the entire non-agricultural workforce. Defined in terms of share in GST net, the same formal sector payroll was calculated to be around 53% (12.7 crore employees). The Survey also indicated a correlation between a state's export performance and the standard of living of its citizens. It found that the states that exported internationally and carried out inter-state trade were richer.

The survey states that agricultural research is the main source of innovation that is needed to sustain productivity in the sector. The sale of tractors largely reflects the level of mechanisation. Indian tractor industries have emerged as the largest in the world, accounting for about one-third of the total global tractor production. There is a need to further enhance the level of farm mechanisation in the country; it is estimated that the percentage of agricultural workers in the total workforce will fall to 25.7% by 2050 from 58.2% in 2001. With

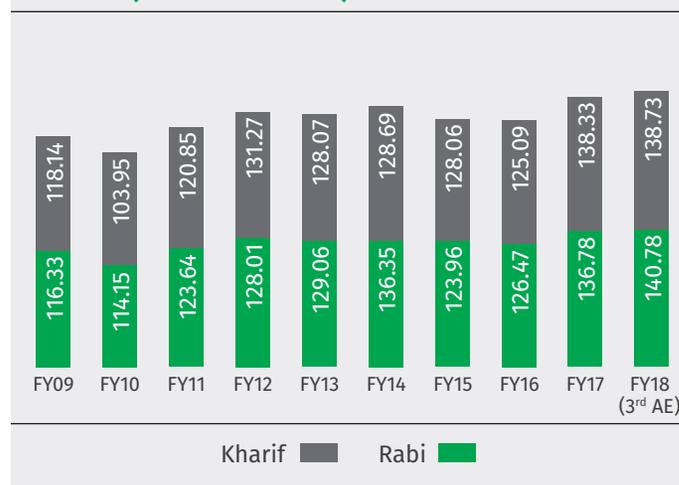

an increasing population of men migrating from rural to urban areas, a 'feminisation of the agriculture sector' – increasing number of women participating as cultivators, entrepreneurs and labourers – seems to be occurring. Climate change assumes significance since it directly affects agricultural output and performance. The Survey, in this aspect, find that the impact of increased extreme temperature and irregular rainfall was 'twice as large in unirrigated areas as in irrigated ones'.

Agricultural Sector of India

At 157 million hectares, India has the second largest agricultural land and is the largest producer of major agricultural and horticultural crops worldwide. Moreover, the country is the second largest producer of wheat, rice, fruits and vegetables, sugarcane, cotton and oilseeds and the largest producer of various allied products such as spices, pulses, milk, tea, cashew and jute. With 20 different agro-climatic regions, India possesses 12 major global climates and 46 of the 60 soil types identified in the world. India is also one of the largest manufacturers of farm equipment such as tractors, harvesters and tillers. India accounts for almost one-third of the overall tractor production, which is estimated to reach 16 million units by 2030.

In FY 2017-18, India recorded a total food grain production of 279.51 million tonnes – a marginal improvement from 275.11 million tonnes in FY 2016-17.

Production of Food Grains in the Kharif and Rabi Seasons (in million tonnes)

[Source: Third Advance Estimates of Production of Food Grains for 2017-18 – Ministry of Agriculture and Farmers' Welfare]

Agricultural Sector – Union Budget 2018-19

The Union Budget for FY 2018-19, presented in the Parliament by Finance Minister Arun Jaitley, was guided by the Government's mission to strengthen the country's agriculture, health, education, employment and infrastructure. Various measures were announced with the objective of doubling farmer income by 2022, the year of India's 75th anniversary. Some of the significant measures initiated to help farmers produce more at a lower cost while earning higher income are:

- Minimum Support Price (MSP) for all unannounced *kharif* crops fixed at 1.5 times their production cost
- Institutional farm credit raised to ₹ 11 lakh crore in FY 2018-19 from ₹ 8.5 lakh crore in FY 2014-15
- 22,000 rural haats to be developed and upgraded into Grameen Agricultural Markets (GrAMs) to protect the interest of 86% small and marginal farmers; new Agri-Market Infrastructure Fund, with a corpus of ₹ 2,000 crores, to oversee the marketing infrastructure of the GrAMs
- 'Operation Green', with a corpus of ₹ 500 crores, to address price fluctuations in potato, tomato and onion; it will promote Farmer Producer Organisations (FPOs), agri-logistics, processing facilities and professional management
- Allocation for food processing raised to ₹ 1,400 crores in FY 2018-19 from ₹ 715 crores in FY 2017-18
- Two new funds – ₹ 10,000 crores each – announced for the Animal Husbandry and Fisheries sectors; the restructured National Bamboo Mission to receive ₹ 1,290 crores

Key Growth Drivers

Exponential Demand

India's large population primarily drives demand for agricultural products. Increasing levels of income among the rural and urban population further aids the growth in demand. Additionally, the export demand for the country's agricultural produce is growing, particularly in key markets such as the Middle East.

Greater Opportunities

Increased demand for agricultural inputs, such as hybrid seeds and fertilisers, in tandem with increased use of hybrids in various crops, facilitates agricultural growth. Promising opportunities exist in the expansion of storage capacity for agricultural produce. Rapid mechanisation witnessed in the sector, coupled with the creation of irrigation facilities through major, medium and minor irrigation projects, propel growth.

Policy Support

Agriculture plays a central role in the Indian economy. 54.6% of the population is engaged in agricultural activities (Source: Census 2011) and it contributes to 17% of the country's Gross Value Added (at current price for 2015-16 with 2011-12 series as base). Given this, the Government took several steps for continued agricultural development:

- Improve soil fertility on a sustainable basis through the Soil Health Card Scheme
- Improve access to irrigation and enhance water efficiency through Pradhan Mantri Krishi Sinchai Yojana (PMKSY)
- Support organic farming through Paramparagat Krishi Vikas Yojana (PKVY)
- Boost farmer income with the creation of a unified national agriculture market
- Mitigate agricultural risk with crop insurance availed under Pradhan Mantri Fasal Bima Yojana (PMFBY)

Outlook

The Indian agricultural sector will gain momentum due to the impetus from increased investments to remove infrastructural bottlenecks. With enhanced irrigation facilities, warehousing and cold storages as well as augmented usage of biotechnologically improved crops, yields will significantly improve.

Seed Industry Insight

Seeds are intrinsic to agriculture, influencing production as well as development in the sector. Seeds are a vehicle of delivering enhanced technologies for farming. Currently, the global seed market is valued at an estimated US\$ 45 billion and is likely to reach US\$ 92 billion by 2020. Global market of 66% is concentrated in five countries – the US, France, Brazil, China and India. ~75% of the market is engaged in the production of maize, soybean and vegetables. North America and Europe lead the global seed export market worth US\$ 10 billion. (Source: Knowledge Report by Sadhguru Management Consultants)

Indian Seed Sector

Over the years, the Indian seed market has emerged as the fifth largest in the world (Source: IMARC Group Research). Bestowed with tropical, sub-tropical and temperate climatic conditions, India can grow all kinds of crops for producing seeds. All India Coordinated Research Projects (AICRPs) have so far released a good number of varieties and hybrids of different crops. India is rich in Plant Genetic Resources (PGR) in all crop species,

which could be used for trait development in crops. The country also has a well-established seed regulation framework. India's seed sector is fairly organised in major companies with good Research and Development (R&D) facilities.

Seed Hub of India

Today, around 60% of the nation's seed requirement is produced in Telangana and supplied to the rest of the states. Telangana is endowed with excellent climatic conditions, enabling the seed production of cotton, sorghum, maize, pearl millet, sunflower, forage sorghum, selection rice and hybrid rice and varieties of pulses, oilseeds and vegetables. The expertise that farmers have gained in hybrid seed production for different crops and the congenial climate of the state produces the best-quality seeds. In addition, the prevalence of desirable temperature and relative humidity levels in Telangana is conducive to seed storage under ambient situations for 9-12 months. Under the proactive policies of the Telangana government, farmers avail 24x7 power supply.

2017-18 Highlights

The reporting year was one of the best for cotton, although overall productivity in the seed industry was affected by weather fluctuations. The cotton and non-cotton segments witnessed strong top-line growth driven by sales. Redemptions were lower and the cost of production, as a result of significantly lower write-off, was also reduced. Commodity prices were lower compared to last year.

Sowing took place much earlier in Central and South India compared to FY 2016-17. Karnataka's market growth was lower than last year. September rains impacted the quality and quantity for early picking in cotton.

Rains in September, coupled with the late withdrawal of monsoon, led to a build-up of soil moisture, which helped the *rabi* season. Increased industry inventory contributed to the demand for seed production for *rabi* crops.

Seed Replacement Rate (SRR): Seed production is not a one-time affair. It has to be produced every year in the field, through meticulous planning, following pre- and post-seed production practices to realise quality seeds. At present, the national Seed Replacement Rate (SRR) is nearly 35-40%. The seed industry as well as the public sector are tasked with making relentless efforts to bridge the gap in quality seed replacement (almost 60%).

Outlook

Systematic, strong and vibrant production is necessary to achieve sustainable food security. Upgradation of the existing seed system is the need of the hour to reduce the usage of farm-saved seeds by almost 60-70%. In the coming days, the

SRR is expected to increase for open-pollinated, self-pollinated and cross-pollinated crop varieties. Hybrids will double the production of food grains. Varietal replacement, following a system of notified high-yielding varieties and hybrids, will also add to the production gain.

About Kaveri Seeds

Kaveri Seeds was founded in 1976 as a small seed production facility in Gatla Narsingapur, Telangana. It has now grown to be one of the premier seed companies in India, with a large network of distributors spread across the country. The Company is among the top three seed companies in India. Kaveri Seeds has three decades of experience in the Indian seed industry, supported by a strong R&D base, helping it produce high-quality hybrids and varieties for field crops and vegetables. The Company's success is evident in its listing in the Forbes' top 200 companies in the Asia-Pacific regions from 2010 to 2013 and then in 2015.

Strong Network

The Company's relentless pursuit towards seed innovation has helped agricultural yields and earned the goodwill of farmers and distributors. Its premier BT cotton hybrids, maize hybrids and rice hybrids and selection rice varieties are at the forefront of the Indian seed market as well as in the farmers' fields. The Company has a dedicated 'grower' network of 1,00,000 production growers across 12 different agro-climatic zones.

Improved Efficiency in Operations

- Improved recovery rates of selection rice in the new Mulangoor plant; leveraged the Mulangoor plant to handle higher throughput and improve seed quality
- Reduced raw seed failure in maize and cotton, compared to last year
- Expanded footprint outside of Telangana and Andhra Pradesh to Karnataka
- Garnered significant growth in market share in Gujarat and Maharashtra
- Increased R&D efforts in cotton for North India
- Ramped up production of the cotton hybrid, Money Maker

Benchmark R&D Practices

Kaveri Seeds consistently invests in the following R&D efforts, focused on developing new hybrids that can further enhance the quality of high-yielding seeds to improve farmers' productivity:

- Comprehensive germplasm repository

- Integrated programme for molecular breeding, tapping the potential of biotechnology in fostering and fortifying traditional breeding methods
- Research collaborations with several national and international institutions, enabling development of products that meet farmers' needs, insure crops against the threat of climate change and make them tolerant to biotic and abiotic stresses

National and International Consortiums

- The Company collaborates with the International Maize and Wheat Improvement Centre – the International Maize Improvement Consortium of Asia (CIMMYT-IMIC Asia), Phase-II; CIMMYT, the Heat-stress Tolerant Maize – US Agency for International Development (HTMA-USAID) Phase-II; the International Crops Research Institute for Semi-arid Tropics (ICRISAT); Milinda Gates Foundation's Harvest Plus programme and International Rice Research Institute's (IRRI's) Hybrid Rice Development Consortium.
- The Company works on the projects of Biotechnology Industry Research Assistance Programme (BIRAP) with the Department of Biotechnology (DBT).
- The Company has signed a Memorandum of Understanding (MoU) with the Asian Vegetable Research and Development Centre – World Vegetable Centre (AVRDC-WVC), Taiwan, to receive exotic germplasm for bitter gourd.
- The Company is a part of the National Agricultural Research System (NARS) and works on All India Co-ordinated Crop Improvement programmes of the Indian Council of Agricultural Research (ICAR).

Farmer Connect and Channel Engagement

- Increased the number of demonstrations of pre-commercial products
- Increased the number of BTL activities to connect with farmers
- Mapping of retailer and focus on key retailers
- Increased the number of meetings with channel partners to deliver volumes as per FY 2017-18 plan

Crop Focus

Cotton: Cotton, also known as 'white gold', plays a dominant role in India's agricultural and industrial economy. Based on segment-wise research for south, central and north zones,

the Company's efforts are focused on developing early- and medium-type hybrids. Thereafter, significant achievements were made while designing, developing and receiving approval for KCH-111 and Money Maker for commercial release from ICAR. Due to the high-yielding ability and wide adoptability, Jadoo and ATM, the Company's previously released hybrids, continue to remain popular among farmers, substantially contributing to the revenue stream.

Maize: Maize, the king of cereals, has the ability to grow in diverse climates such as the temperate hill zones in the north and north-east, the semi-arid desert margins in the west and the humid tropical zones in the south. As a result, the crop has penetrated most of the non-traditional agricultural regions, increasing cultivation area manifold.

Kaveri Seeds aims to identify a superior germplasm that is intrinsically resistant to various biotic stresses. Induction of new germplasm and a population improvement programme for line development is another important focus area for the Company. Development of new and improved hybrids is the ultimate goal of the Company's crop improvement programme. The Company develops segment-wise research hybrids that cater to the needs of core geographies, such as seeds that are resistant to the Pre-Flowering Stalk Rot (PFSR) disease and Northern Leaf Blight (NLB). The developed hybrids are compared with benchmark in-house hybrids as well as competitor hybrids.

In the year under review, the KMH 2589 (Drona) and KMH 5210 hybrids gained popularity among farmers, thereby improving sales.

Rice: Rice, the primary staple for most of India, leads the frontline in the fight against hunger and poverty. Targeted food grain production can be met through the improved hybrid variety of rice. It yields 15-25% more than the High-Yielding Variety (HYV) of seeds and is mostly preferred in the North. The Company's research initiatives resulted in the development of promising high-yielding hybrids that meet farmer needs of good grain quality. The commercial hybrid KPH 468 is gaining popularity among the farmers. The Company also lays equal emphasis on research for selection rice. Promising varieties that were developed for cultivation, based on segment-wise preferences, include Prize, Atom and Elito.

Pearl Millet: Bajra, popularly known as pearl millet, is a hardy crop as it sustains well under stressful situations and is suitable for cultivation in semi-arid and arid regions. It is used for the dual purpose of grain and fodder. It is generally grown in the *kharif* season. Rajasthan, Maharashtra, Gujarat, Uttar Pradesh and Haryana are the major pearl millet-growing states.

The Company's products – Maximo, KBH 6080 and KBH 3580 (Singham) – which were released over the last three years, continue to do well.

Tomato: Tomato, the king of vegetables, is the subject of the Company's focused research efforts. Subsequently, two promising hybrids KTH 354 and KTH 355 have been released for commercial cultivation. The hybrids are unique for their shape, colour, firmness and tolerance to NLB as well as to the Tomato Yellow Leaf Curl Virus (TYLCV). Due to their distinct performance and yielding ability, farmers increasingly prefer these hybrids.

The Company is proud to have KTH 304 released and notified by the Central Variety Release Committee (CVRC), Government of India, for respective zones of adaptation.

Okra: Okra, an important Indian vegetable, is grown in *kharif* as well as summer conditions. It is cultivated extensively round the year for its fruits for culinary purpose. The Company's research efforts, catering to the needs of the market were focused to develop lines resistant to the Yellow Vein Mosaic Virus (YVMV) and Okra Leaf Curl Virus (OLCV). KOH 712 and KOH 54 were released and commercialised during the reporting year.

Chilli: Hot pepper is one of the most important commercial crops in India. Our country is its largest producer, consumer and exporter. The Company has stepped up its vegetable research activities to penetrate different segments for chillies – red and green.

As an alternative to the tedious process of manual emasculation of crops, hybrids with Cytoplasmic Male Sterility (CMS) are being developed to reduce the cost of seed production. The breeding objective of the CLCVR screening is in progress.

Gourds: Ridge gourd and bitter gourd, in particular, from the gourds vegetable group were the subject of intensive research efforts to develop suitable hybrids segment-wise and promising lines are under pipe line.

Watermelon: Watermelon, a popular warm season crop, is widely grown in the tropical and sub-tropical regions of the world. The Company is putting its research efforts to develop suitable hybrids as per the market preference.

Biotechnology (molecular breeding): Smart breeding or Market-Assisted Selection (MAS) or Marker-Assisted Breeding (MAB) is performed using genetic markers that are linked to the desired trait(s). Owing to the speed and accuracy of MAS, smart breeding radically improves conventional breeding efforts. Resistance breeding by MAS is highly efficient as well as precise when compared to conventional approaches. It

speeds up the development of varieties and provides a unique method of combining traits (pyramiding), thus achieving durable resistance to both diseases and pests. MAS, in future, can facilitate the development of crops tolerant to biotic and abiotic stresses.

Other biotechnological applications include:

- DNA fingerprinting of Kaveri hybrids in various crops through molecular approaches
- Assessing genetic purity of hybrids and parental seed lots using molecular markers
- Assessing genetic diversity of germplasm for development of commercial hybrids through molecular marker applications

Growth Strategies

- Diversify organisational capabilities for increased visibility and market share
- Reinforce leadership in the cotton sector
- Strengthen all departments to achieve organisational goals (appointment of new presidents for R&D and supply chain and marketing and General Managers for rice breeding, among others)
- Develop mid-level talent across all verticals
- Increase resourcing for R&D
- Build an exclusive and dedicated sales team for vegetables
- Implement a Human Resource Management System for efficient management
- Implement an SAP Enterprise Resource Planning (ERP) system
- Increase the number of multi-location trials in R&D for product evaluation
- Enhance infrastructure with a lease of 24 acre land in Ramayan Pally, Telangana, for R&D and future expansions
- Breeding R&D is resolutely focused on developing the new pipeline hybrids that can provide better yield under the given conditions
- The segment-wise product development acts as an important bridge between the breeding and R&D and the commercialisation wing

Risk Management

Type	Description	Mitigation
BT technology efficacy	There is a gradual reduction in the efficacy of BT to prevent target pest infestation.	The Company educates farmers on Integrated Pest Management (IPM), correct use of refuge and plant protection measures to control pink bollworm.
Weather fluctuations	Seed production can be affected by varying environmental conditions, such as erratic rainfall, a prolonged dry spell and high temperature.	The Company has established and consolidated new geographies, with assured irrigation, to pursue favourable seed production conditions.
Agro-climatic conditions	Product development can be complicated, given the diverse climate conditions for agriculture in India.	The Company's research and innovation efforts consider the varied agro-climatic conditions; segment-wise products are designed and developed for field and vegetable crops.
Quality	Seeds may not meet the farmers' expected germination and genetic purity under favourable soil conditions.	The Company maintains seed quality standards prescribed by Indian Minimum Seed Certification Standards (IMSCS), ensuring physical and genetic purity.
Climate change	Seeds may not adapt well to the global climatic change.	The Company undertakes research initiatives to develop suitable hybrids, particularly in maize and pearl millet.

Outlook

The major challenge in the world is a decline in the area under crop cultivation due to diversions for non-agricultural purposes (such as rapid urbanisation and industrialisation, among others) – effects of an ever-increasing global population.

The focus on agriculture in India has shifted from 'food security' to 'nutritional security'. The two consecutive years of drought in India – 2014 and 2015 – did not inhibit the Indian farmers from embracing this shift. In 2016 and 2017, the country received adequate rainfall.

The Company's main focus, in the year under review, was to improve the market share of hybrids launched in the recent years. The Company conducted training programmes, workshops on agronomic management techniques, result demonstrations, field-level training programmes and farmers' meets, among others, to enter markets more intensively. These efforts achieved fruitful results across the country, especially in the states that grow cotton, maize and bajra.

Going forward, Kaveri Seeds, through its strong plant breeding research, will continue to deliver innovative products and services that enable Indian farmers to prosper. The Company's major thrust is on engaging in frontier type of research and innovations in plant breeding, technology development, sales (seeking customer insights to streamline efforts) and supply chain. The Company's supply chain process is being modernised with improved quality assurance capabilities and accelerated R&D discovery and delivery to suit the products under different segments of India.

Human Resources

Kaveri Seeds is home to exceptional talent that drives its success and ensures that it moves along the growth trajectory. To commemorate the three decades of Kaveri Seeds, the Company recognised the service of its employees and presented them with tokens of appreciation.

The Company focuses on improving its talent pool by hiring scientists and technocrats as well as management students. The Company endeavours to provide a supportive work environment, where employees are motivated to embrace challenges and realise their full potential. The Company strengthens employee engagement through communication meetings and creation of cross-functional teams. Training programmes led by eminent lecturers are conducted in the areas of management and technical skills. The quarterly 'Utkrista Puraskar' award programme was introduced with the objective of incentivising employees to achieve sustainability goals. It recognises the top performers across various departments.

The Company underwent restructuring to manage the span of control, in the reporting year. Every employee was assigned a reporting authority, while the superiors were given the responsibility of conducting periodical performance reviews.

Internal Control Systems and their Adequacy

The Company has laid down set of standards which enables to implement internal financial control across the organization and ensure that the same are adequate and operating effectively. The Board periodically reviews the findings and recommendations of the statutory and internal auditors and

suggests corrective actions whenever necessary. The Audit Committee of the Board of Directors is also actively reviews the adequacy and effectiveness of the internal control systems and suggests improvements to strengthen the same. The Audit Committee of the Board of Directors, Statutory Auditors and Finance Heads are periodically apprised of the internal audit findings and corrective actions taken.

The Internal Audit team prepares annual audit plans based on risk assessment and conducts extensive reviews covering financial, operational and compliance controls. Audit plays a key role in providing assurance to the Board of Directors. Significant audit observations and corrective actions taken by the management are presented to the Audit Committee of the Board.

The Audit Committee of the Board monitors the performance of Internal Audit team on a periodic basis through review of audit plans, audit findings and speed of issue resolution through follow-ups. Each year, there are at least four meetings in which the audit committee reviews internal audit findings assurance and advisory function, responsible for evaluating and improving the effectiveness of risk management, control and governance processes. The internal audit team helps to enhance and protect organizational value by providing risk-based objective assurance, advice, and insight.

Indian Accounting Standards – IFRS Converge Standards

The Ministry of Corporate Affairs vide its notification dated 16th February 2015 notified under Section 133 of the Companies Act 2013 read with Companies (Indian Accounting Standards) Rules, 2015. In pursuance of the said notification your Company has prepared the financial statements to comply in all material respects in accordance with the applicability of Indian Accounting Standards.

NOTES:

1. The Explanatory Statement setting out all material facts as required under Section 102 of the Companies Act 2013 in respect of special business of the Company is appended and forms part of the Notice.
2. **A member entitled to attend and vote at the meeting is entitled to appoint a proxy/ proxies to attend and vote on a poll instead of himself/ herself and such a proxy/ proxies need not be a member of the Company.**

A person can act as proxy on behalf of Members not exceeding fifty (50) and holding in the aggregate not more than ten percent of the total share capital of the Company. In case a proxy is proposed to be appointed by a Member holding more than ten percent of the total share capital of the Company carrying voting rights, then such proxy shall not act as a proxy for any other person or shareholder. A proxy form is sent herewith. Proxies submitted on behalf of the Companies, Societies, etc., must be supported by an appropriate resolution/authority as applicable. In order to become valid, the proxy forms should be deposited at the Registered Office of the Company not less than 48 hours before the commencement of the meeting.

3. The Register of Members and Share Transfer Books of the Company will remain closed from **19th September 2018 to 21st September 2018 (both days inclusive)**.

4. The requirement to place the matter relating to appointment of statutory auditors for ratification by members at every Annual General Meeting is omitted vide notification dated 7th May 2018 issued by the Ministry of Corporate Affairs, New Delhi. Accordingly, resolution for ratification of the appointment of Statutory Auditors who were appointed for a period of five years at the 30th Annual General Meeting held on 25th September 2017, is not proposed at this Annual General Meeting.
5. Shareholders who have not claimed their dividend for the years 2010-11 are requested to claim before the due date otherwise the same has been transfer to the Investor Education and Protection Fund Pursuant to Section 124 and 125 of the Companies Act, 2013. The Company has uploaded the details of the unpaid and unclaimed dividend amounts of the previous years' on the website of the Company (www.kaveriseeds.in) and also on the website of Ministry of Corporate Affairs. The unpaid/unclaimed dividend for the year 2010-11 will be transferred to the Investor Education and Protection Fund of the Central Government on the due date. The shares on which dividend remains unclaimed for seven consecutive years will be transferred to the IEPF as per Section 124(6) of the Companies Act, 2013, and the applicable rules.
6. Pursuant to the provisions of Investor Education and Protection fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, the Company has uploaded the details of unclaimed dividend amounts lying with the Company as on date, at the website of the Company (www.kaveriseeds.in) and also website of Ministry of Corporate Affairs.
7. Information in respect of such unclaimed dividend when due for transfer to the Investor Education and Protection fund (IEPF) are given below:

Sl. No.	Dividend for the financial year	Date of Declaration	Due date for transfer to the IEPF Authority
1	Dividend Account 2010-11	27.09.2011	02.11.2018
2	Dividend Account 2011-12	25.09.2012	31.10.2019
3	Interim Dividend 2012-13	14.02.2013	22.03.2020
4	Final Dividend 2012-13	24.09.2013	30.10.2020
5	Interim Dividend 2013-14	04.02.2014	12.03.2021
6	Final Dividend 2013-14	18.09.2014	24.10.2021
7	1st Interim Dividend 2014-15	21.10.2014	26.11.2021
8	2nd Interim Dividend 2014-15	03.02.2015	11.03.2022
9	Final Dividend 2014-15	29.09.2015	04.11.2022
10	Dividend 2015-16	13.08.2015	18.09.2022
11	Dividend 2017-18	08.08.2017	13.09.2024

The Shareholders who have not encashed the aforesaid dividend are requested to make their claim to the Secretarial Department, Kaveri Seed Company Ltd., 513 B, 5th Floor, Minerva Complex, S.D.Road, Secunderabad – 500003, Telangana State, India, email: cs@kaveriseeds.in

8. Compulsory transfer of Equity Shares to Investor Education and Protection Fund (IEPF) Authority:

Pursuant to the provisions of Section 124 and 125 of the companies Act, 2013 and the IEPF Authority (Account, Audit Transfer and Refund Rules, 2016, all shares on which dividend has not been claimed for seven consecutive years or more shall be transferred to IEPF Authority. Under this compliance, the Company has sent letters to all the shareholders who have not claimed their dividend and also published notices in all editions of Business Standard and Nava Telengana on 27th April 2017 reminding the shareholders to claim their unclaimed dividend amounts. In compliance with the MCA notification dated 5th September 2016 and 13th October 2017, the Company has transferred the shares to Investor Education and Protection Fund Authority (IEPF) of those shareholders who have not claimed their dividends for a continuous period of 7 years, which the transfer details are provided in Corporate Governance Report forming part of this annual report and uploaded on the website of the Company.

9. Claiming of Shares and Dividends which were transferred to Investor Education and Protection fund Authority (IEPF):

The Shareholders are requested visit the website of www.iepf.gov.in to know the procedure for claiming Shares and Dividends transferred to Investor Education and Protection fund Authority.

10. The annual report for the financial year 2017-18 has been sent through email to those members who have opted to receive electronic communication or who have registered their email addresses with the Company/depository participants. The annual report is also available on our website, i.e. www.kaveriseeds.in The physical copy of the annual report has been sent to those members who have either opted for the same or have not registered their email addresses with the Company/depository participant. The members will be entitled to a physical copy of the annual report for the financial year 2017-18, free of cost, upon sending a request to the Company Secretary at 513-B, 5th Floor, Minerva Complex, S.D. Road, Secunderabad – 500 003.

11. The Company is concerned about the environment and utilizes natural resources in a sustainable way. We request you to update your email address with your Depository Participant to enable us to send all the communications via email.
12. Members are requested to kindly bring their copy of the Annual Report with them at the Annual General Meeting, as no extra copy of Annual Report would be made available at the Annual General Meeting. Members/proxies should also bring the attached Attendance Slip, duly filled and hand it over at the entrance to the venue.
13. Members are requested to intimate immediately, any change in their address or bank mandates to their depository participants with whom they are maintaining their demat accounts or to the Company's Registrar & Share Transfer Agent, M/s. Bigshare Services Private Limited, if the shares are held by them in certificate form.
14. In terms of the Circular No. CIR/MRD/DP/10/2013 dated 21 March 2013 issued by the Securities and Exchange Board of India, listed companies are required to use the Reserve Bank of India's approved electronic mode of payment such as Electronic Clearance Service (ECS), LECS (Local ECS)/RECS (Regional ECS)/NECS (National ECS), NEFT, etc. for making cash payments like dividend etc., to the members. Accordingly, members holding securities in demat mode are requested to update their bank details with their depository participants. Members holding securities in physical form may send a request updating their bank details, to the Company Secretary at 513-B, 5th Floor, Minerva Complex, S.D. Road, Secunderabad – 500 003.
15. The Register of Directors and Key Managerial Personnel and their shareholding, maintained under Section 170 of the Companies Act, 2013 and the Register of Contracts or Arrangements in which directors are interested, maintained under Section 189 of the Companies Act, 2013, will be available for inspection by the members at the AGM.
16. Brief resume of Director(s) of those proposed to be appointed/re-appointed, nature of their expertise in specific functional areas, names of companies in which they hold directorships and membership/chairmanships of Board Committees and shareholding in the Company as stipulated under Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 with the stock Exchanges, are provided in separate sheet forming part of this notice.
17. Pursuant to Section 108 of the Companies Act, 2013 and the rules framed there under and Regulation 44 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015, the Company is provided the facility to its members holding shares in physical or dematerialized form as on the cut-off date, i.e., 14th September 2018, to exercise their right to vote by electronic means on any or all of the agenda items specified in the accompanying Notice of Annual General Meeting. The E-voting period commences on **Tuesday the 18th day of September 2018 at 9.00 A.M. and ends on Thursday the 20th day of September 2018 at 5.00 P.M.** The detailed instructions for E-voting are given as a separate attachment to this notice.
18. The route map showing directions to reach the venue of the 31st AGM is available on the reverse of the attendance slip.

Explanatory Statement

pursuant to Section 102(1) of the Companies Act, 2013

The Board of Directors, on the recommendation of the Nomination and Remuneration Committee at its meeting held on May 24, 2018 appointed Mrs. Musinipally Chaya Ratan (DIN: 08085687) as an Additional Director categorized as an Independent Director, not liable to retire by rotation, for a term of 5 years i.e. from 24th May 2018 to 23rd May 2023, subject to approval of the members. Pursuant to the provisions of Section 161(1) of the Act and Article 112 of the Articles of Association of the Company Mrs. Musinipally Chaya Ratan shall hold office up to the date of this AGM and is eligible to be appointed as Director. The Company has received in writing a notice under section 160(1) of the Companies Act, 2013 from a member of the Company proposing her candidature for the office of Director.

The Company has received: i) consent in writing to act as a Director in Form DIR-2 pursuant to Rule 8 of the Companies (Appointment & Qualification of Directors) Rules, 2014; ii) Intimation in Form DIR-8 pursuant to terms of the Companies (Appointment & Qualification of Directors) Rules, 2014, from Mrs. Musinipally Chaya Ratan to the effect that she is not disqualified as per Section 164(2) of the Companies Act, 2013; and iii) a declaration to the effect that she meets the criteria of independence as provided under Section 149 of the Companies Act, 2013.

In the opinion of the Board, Mrs. Musinipally Chaya Ratan fulfills the conditions specified in the Act and SEBI Listing Regulations for appointment as Independent Director and is independent of the management of the Company. The terms and conditions of her appointment shall be open for inspection by the members at the Registered office of the Company during the normal business hours on any working day and will also be kept open at the venue of the AGM.

The Resolution set out at Item No.4 of the Notice is put forth for consideration of the members as an ordinary resolution pursuant to Section 149 read with Schedule IV of the Companies Act, 2013 for appointment of Mrs. Musinipally Chaya Ratan as an Independent Director.

Brief Profile of Mrs. Musinipally Chaya Ratan

Mrs. M. Chaya Ratan, (65 years) is a retired IAS Officer in 1977 batch and she is an able administrator to implement several

reforms to uplift the rural mass. She pursued her MSc. Eco-Social Policy & Planning from London School of Economics, University of London, London. She is responsible for the several changes in the development in various departments such as College & School education, Health & Family Welfare, Tribal welfare etc. Her main concern was empowerment of poor and marginal society to provide access to basic services. Her thought power to implement noble idea of teacher's transfers through counseling in the state to stop corruption is still practiced. Due to her initiatives 45 PHC centers were established in tribal areas and her proposal of doctors to serve 2 years in tribal PHCs, 3 years in rural and 4 years in urban areas was implemented by the Govt. She is also instrumental for reducing the physical qualifying criteria for lady constables, revise teachers training curriculum, i.e. Diploma in Education, disabled students, hearing impaired and visually challenged to run separate classes in the school and junior colleges. Her ambition to serve the rural mass to uplift their livelihood has transformed the millions of lives on the path of progress.

Mrs. M. Chaya Ratan is an IAS (Rtd.) and MSc. Eco- Social Policy & Planning from London School of Economics, University of London.

She is not a Director of any other companies/ bodies corporates.

She is not holding any equity shares of the Company and she is not related to any Director of the Company.

Except Mrs. M. Chaya Ratan, none of the Directors and key managerial personnel of the Company or their relatives are in anyway concerned or interested, in the Resolution set out at Item No. 4 of this notice.

Your Directors recommend the resolution for your approval.

Details of Directors seeking appointment/re-appointment at the Annual General Meeting

Name of the Director	M. CHAYA RATAN	C. MITHUNCHAND
DIN No.	08085687	00764906
Date of Birth	26.01.1953	11.08.1976
Type of appointment	Independent Director	Whole time Director – retire by rotation
Date of Appointment/ Reappointment	24.05.2018	27.09.2011
Areas of Specialization	Indian Administration and Social Development, Management and Finance etc.,	Management, Finance, Marketing, Taxation
No. of Shares Held in the Company	Nil	928895
Directorship held in outside Public Limited Companies	Nil	Nil
Chairman/member of the Committee of the Board of Directors of this Company	Member – Nomination and Remuneration Committee	Member – Audit Committee, Member - Shareholders Relationship Committee
The number of meetings of the Board attended during the year	Not applicable	4 out of 4
Chairman/member of the Committee of the Board of Directors of other Companies	Nil	Nil
Relation with Key Managerial Personnel and Directors	Not related to Directors, Manager and other Key Managerial Personnel of the Company.	Relative of Key Managerial Personnel of the Company.
Justification for appointment	Retired IAS Officer having knowledge in administration, social development and other related activities.	Management skills and excellent knowledge in finance & market related activities.

Shareholder Instructions for E-Voting

Pursuant to provisions of Section 108 of the Companies Act, 2013, Rule 20 of the Companies (Management and Administration) Rules, 2014 as amended by the Companies (Management and Administration) Rules, 2015 and Regulation 44 of SEBI (LODR) Regulations 2015, the Company is pleased to offer e-voting facility to the members to cast their votes electronically on all resolutions set forth in the Notice convening the 31st Annual General Meeting to be held on 21st September, 2018. The Company has engaged the services of Central Depository Services Limited (CDSL) to provide the E-Voting facility.

The E-Voting facility is available at the link :

EVEN (E-VOTING EVENT NUMBER)	COMMENCEMENT OF E-VOTING	END OF E-VOTING
180816007	18.09.2018	20.09.2018

Future Prospects & Out Look:

The agricultural sector is the backbone of the Indian economy. Despite two consecutive favourable monsoons as well as the Indian Meteorological Department (IMD) forecast for adequate rainfall in CY 2018, rain in the year appears to be unpredictable. Agriculture in India will benefit from a higher scale of investments in agri-infrastructure, owing to the Government's focus on doubling farmers' income by 2022. As a result, the agricultural input space, including commercial seeds, will continue to expand at a robust pace in the years to come.

Growth in the Indian seed market will be facilitated by the development of modern retail channels along with the entry of large national and multi-national entities. Further, increased number of subsidies and greater awareness around the use of high-yielding hybrid variety seeds will drive growth in the market. Comparatively higher year-on-year seed replacement rate (SRR) has led farmers to consistently prefer quality seeds to obtain high yields.

While the demand for food in India is on the rise, the area of cultivable land in the country remains stagnated. Thus, quality seeds have increasingly become key to enhance agricultural output and productivity.

Kaveri Seeds is focusing its research efforts in field and vegetable crops to tailor promising hybrids and varieties that are suitable for cultivation under different environmental

situations and resilient pan-India climatic conditions. Our research collaborations with several national and international organisations help us design products that suit the needs of the market, while also being tolerant to biotic and abiotic stress factors. We are also equipped with modern R&D facilities in the advance science of biotechnology, plant breeding, quality control and seed technology innovations. We will focus our efforts to enhance sales across multiple crops and continue to improve our presence in the market, expanding our footprint into new geographies.

Research and Development

There is a lot of opportunity for unbounded growth in the seed sector; and to utilise the same, your Company is constantly focusing its R&D infrastructure development on frontier research in science together with the use of advanced biotechnological tools in conventional plant breeding of field and vegetable crops. We have also formulated an integrated programme for molecular breeding as a part of reinforced R&D efforts that are centred on high-yielding hybrid technology. Our strong in-house R&D base has been recognised by the Government of India's Department of Scientific and Industrial Research (DSIR) since 2001.

Your Company is one of India's fastest-growing seed companies with an expansive portfolio, large network of distributors and dealers and a wide pan-India customer base. Our research efforts are focused on designing and developing suitable hybrids and varieties. Our research innovations are deeply rooted in our understanding of crops and the needs of growers. Brand salience of different products represents the hallmark of Kaveri Seeds.

Your Company's research efforts continue to show the way forward. Diverse research collaborations enable us to pursue segment-wise product development as per the requirements of farmers, the market and consumer preferences. Our products are planned bearing in mind biotic and abiotic stresses, along with the looming threat of climate change. Seed innovations at Kaveri Seeds have helped farmers augment yields significantly, earning us goodwill among both farmers and distributors. The Company's premier hybrid varieties of BT cotton, maize and rice (including selection rice) are at the forefront of the seed market.

Your Company's relentless efforts to sustain product quality through innovation, commitment and dedication have gained the trust of growers. Our processes are differentiated; and we are well-equipped with best-in-class production zones. We have a state-of-the-art seed technology lab at Pamulaparthi plant. We possess seven processing plants at various strategic locations to process and supply the seed to the market well in advance.

Quality seed is the order of the day. It is your Company's honest endeavour to inculcate the highest level of quality management

across functional domains. We will devote promotional efforts towards promising products in the growth stage. We will add more sales locations to improve our visibility in the market, in tandem with our strategy to explore new geographies. We are receiving positive reviews from our hybrids in various countries. In the years to come, we expect to expand our export presence in the focused countries.

Dividend

The Board of Directors at their meeting held on 8th August 2017 declared an Interim Dividend @ 150% on the paid-up Equity Share Capital i.e., ₹ 3.00/- per equity share for the financial year 31st March 2018 and same was paid to the shareholders.

Pursuant to Regulation 43A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Board has approved and adopted the Dividend Distribution Policy and the same is available on the Company's website viz. www.kaveriseeds.in

Buyback of Equity Shares

During the year 29,62,962 Equity Shares were bought back at a price of ₹ 675/- per Equity Share for an aggregate consideration of ₹ 200.00 crores. The offer size of the Buyback was 19.96% of the aggregate paid up equity share capital and free reserves of the Company for the year ended 31.03.2017 and represented 4.29% of the total issued and paid up equity share capital of the Company. The buyback process was completed and the shares were extinguished on 3rd August 2017.

Transfer of Amount to Reserve

The Company has transferred ₹ 10.00 crores to the general reserve for the financial year ended 31st March 2018 under the provisions of Companies Act, 2013 and Rules there under.

Statutory Auditors & Auditors' Report

The statutory auditors report is annexed to this annual report. There are no adverse remarks on disclosure by the statutory auditors in their report. They have not reported any incident of fraud to the Audit Committee of the Company during the year under review. Pursuant to Section 139(2) of the Companies Act, 2013, read with Companies (Audit and Auditors) Rules, 2014, the Company at its 30th Annual General Meeting (AGM) held on 25th September 2017, had appointed M/s. M. Bhaskar Rao & Co., Chartered Accountants as Statutory Auditors to hold office from the conclusion of 30th AGM until the conclusion of 35th AGM of the Company, subject to ratification by shareholders every year, as may be applicable. However, the Ministry of Corporate Affairs (MCA) vide its notification dated 7th May 2018 has omitted the requirement under first proviso to section 139 of the Companies Act, 2013 and rule 3(7) of the Companies (Audit and Auditors) Rules, 2014, regarding ratification of appointment of statutory auditors by shareholders at every subsequent AGM.

Consequently, M/s. M. Bhaskar Rao & Co., Chartered Accountants, continues to be the Statutory Auditors of the Company till the conclusion of 35th AGM, as approved by shareholders at 30th AGM held on 25th September 2017.

Internal Auditors

The Board of Directors of the Company have appointed M/s. M. Anandam & Co., Chartered Accountants as Internal Auditors to conduct Internal Audit of the Company for the financial year ended 31st March 2019. The Internal Audit reports are being reviewed by the Audit Committee of the Company.

Secretarial Auditors Report

Pursuant to the provisions of Section 204 of the Companies Act, 2013 and the Companies (Appointment and Remuneration of Managerial Personnel) rules, 2014, the Board of Directors have appointed M/s. L.D.Reddy & Co., a firm of Company Secretaries in Practice (C.P.No.3725) as Secretarial Auditors to conduct Secretarial Audit of the Company for the financial year ended 31st March 2018. The Secretarial Audit Report issued by M/s. L.D.Reddy & Co, Practicing Company Secretaries in Form MR-3 is annexed to this Board's Report as **Annexure – B**.

The Secretarial auditors Report does not contain any qualifications, reservation or adverse remarks.

Board's response on Auditor's qualification, reservation or adverse remarks or disclaimer made:

There are no qualifications, reservation or adverse remarks made by the statutory auditors in their report or by the Practicing Company Secretary in the Secretarial Audit Report for the year ended 31st March 2018. During the year, there were no instances of frauds reported by auditors under Section 143(12) of the Companies Act, 2013.

Audit Committee

The Audit Committee of the Board of Directors consists Mr. K. Purushotham (Chairman), Mr. P. Varaprasad Rao, Dr. S. Raghuvardhan Reddy and Mr. C. Mithunchand. Dr. S. Raghuvardhan Reddy was appointed as member of Audit Committee on 24th May 2018. The Board has accepted all recommendations made by the audit committee during the year. Further details can be seen in the chapter on Corporate Governance report.

Subsidiary Companies

The Company has 5 subsidiaries as of March 31, 2018. There was no material change in the nature of the business carried on by the subsidiaries. As per the provisions of Section 129 of the Companies Act, 2013 read with Companies (Accounts) Rules, 2014, a separate statement containing the salient features of the financial statements of the subsidiary Companies is prepared in **Form AOC-1** and is attached to the Financial Statements of the Company.

In accordance with the provisions of the Companies Act, 2013, the Balance Sheet, Statement of Profit and Loss and other documents of the subsidiary companies are being made available on the website of the Company and are not attached with the Annual Accounts of the Company. The Company will make available the Annual Accounts of the subsidiary companies and the related information to any member of the Company who may be interested in obtaining the same. The annual accounts of the subsidiary companies will also be kept open for inspection by any member at the Registered Office of the Company and that of the respective subsidiary companies.

Names of the Company which have become Company's Subsidiary during the year

During the financial year M/s. Genomix Agri Genetics Private Limited has been incorporated on 16th October 2017 as 100% Wholly Owned Subsidiary of the Company.

Consolidated Financial Statements

In compliance with the relevant provisions of Section 133 of the Companies Act, 2013 and the Accounting Standards AS-21 and AS-27 on consolidated financial statements, read with the Accounting Standard AS-23 on Accounting for Investments in Associates, your Directors have pleasure in attaching the consolidated financial statements for the financial year ended March 31, 2018, which forms part of the Annual Report. The Company has placed separately, the audited accounts of its subsidiaries on its website www.kaveriseeds.in in compliance with the provisions of Section 136 of the Companies Act, 2013.

Internal Control Systems and Their Adequacy

The Company has laid down set of standards which enables to implement internal financial control across the organization and ensure that the same are adequate and operating effectively. The Board periodically reviews the findings and recommendations of the statutory and internal auditors and suggests corrective actions whenever necessary. The Audit Committee of the Board of Directors is also actively reviews the adequacy and effectiveness of the internal control systems and suggests improvements to strengthen the same. The Audit Committee of the Board of Directors, Statutory Auditors and Finance Heads are periodically apprised of the internal audit findings and corrective actions taken.

The Internal Audit team prepares annual audit plans based on risk assessment and conducts extensive reviews covering financial, operational and compliance controls. Audit plays a key role in providing assurance to the Board of Directors. Significant audit observations and corrective actions taken by the management are presented to the Audit Committee of the Board.

The Audit Committee of the Board monitors the performance of Internal Audit team on a periodic basis through review of

audit plans, audit findings and speed of issue resolution through follow-ups. Each year, there are at least four meetings in which the audit committee reviews internal audit findings assurance and advisory function, responsible for evaluating and improving the effectiveness of risk management, control and governance processes. The internal audit team helps to enhance and protect organizational value by providing risk-based objective assurance, advice, and insight.

Adquacy of Internal Financial Controls With Reference to the Financial Statements

The internal financial controls (IFC) framework at Kaveri Seeds encompasses internal controls over financial reporting (ICOFR) as well as operational controls that have been put in place across all key business processes of the Company. The internal controls are designed to facilitate and support the achievement of the Company's business objectives and such controls do enable the Company to adapt to changing and operating environment, to mitigate risks to acceptable levels and to support right decision making and good governance. Details in respect of adequacy of internal financial controls with reference to the financial statements are briefly iterated below:

- a. The Company maintains all its major records in ERP System.
- b. The Company has appointed internal auditors to examine the internal controls, whether the workflow of the organisation is being done through the approved policies of the Company. In every quarter, during the approval of financial statements, internal auditors present the internal audit report and the management comments on the internal audit observations; and
- c. The Board of Directors of the Company has adopted various policies such as Related Party Transactions Policy, Whistle Blower Policy, Policy to Determine Material Subsidiaries, Corporate Social Responsibility Policy, Dissemination of Material Events Policy, Documents Preservation Policy, Sexual Harassment Policy, Code of Conduct under Insider Trading Regulations, Code of Conduct for Senior Management, Nomination and Remuneration Policy, Board Diversity Policy, Dividend Distribution Policy and such other procedures for ensuring the orderly and efficient conduct of its business for safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information.

Indian Accounting Standards – Ifrs Converge Standards

The Ministry of Corporate Affairs vide its notification dated 16th February 2015 notified under Section 133 of the Companies

Act 2013 read with Companies (Indian Accounting Standards) Rules, 2015. In pursuance of the said notification your Company has prepared the financial statements to comply in all material respects in accordance with the applicability of Indian Accounting Standards.

The performance of the committees was evaluated by the board after seeking inputs from the committee members on the basis of criteria such as the composition of committees, effectiveness of committee meetings etc.,

In a separate meeting of independent directors, performance of non-independent directors, the chairman of the Company and the board as whole was evaluated, taking into account the views of executive directors and non-executive directors.

The Board and the nomination and remuneration committee reviewed the performance of individual directors on the basis of criteria such as the contribution of the individual director to the board and committee meetings like preparedness on the issues to be discussed, meaningful and constructive contribution and inputs in meetings etc.,

In the board meeting that followed the meeting of the independent directors and meeting of nomination and remuneration committee, the performance of the board, its committees, and individual directors was also discussed. The performance evaluation of the Independent Directors was completed. The performance evaluation of the Chairman and the Non-Independent Directors was carried out by the Independent Directors. The Board of Directors expressed their satisfaction with the evaluation process.

Secretarial Audit Report

For the Financial Year Ended 31-03-2018

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,

The Board of Directors

M/s. Kaveri Seed Company Ltd.

513B,5th Floor, Minerva Complex, S.D.Road,
Secunderabad- 500003, TS

We have conducted the secretarial audit on the compliance of applicable statutory provisions and the adherence to good corporate practices by M/s. Kaveri Seed Company Ltd (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, We hereby report that in our opinion, the Company has, during the audit period ended on 31-03-2018, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

1. We have examined the books, papers, minute books, forms and returns filed and other records maintained by M/s. Kaveri Seed Company Ltd (“**The Company**”) for the financial year ended on 31-03-2018 according to the provisions of:
 - i) The Companies Act, 2013 (the Act) and the Rules made there under;
 - ii) The Securities Contracts (Regulation) Act, 1956 (‘SCRA’) and the Rules made thereunder;
 - iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;

- iv) Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (‘SEBI Act’):
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;
 - c. The Securities and Exchange Board of India (Issue of capital and Disclosure Requirements) Regulations, 2009;
 - d. The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines , 1999;
 - e. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2008;
 - h. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2008;
 - i. Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.
- vi) The Factories Act, 1948
- vii) The Payment of Wages Act, 1936

- viii) The Minimum Wages Act, 1948
 - ix) Employees Provident Fund And Misc. Provisions Act, 1952
 - x) Employers State Insurance Act, 1948
 - xi) The Environment (Protection) Act, 1986
 - xii) Electricity Act 2003
 - xiii) Income Tax Act 1961 and Indirect Tax Law
 - xiv) The Payment of Gratuity Act, 1972
 - xv) Service tax
 - xvi) Value Added Tax Act, 2005
 - xvii) Water (Prevention & Control of Pollution) Act 1974 and rules there under
 - xviii) Air (Prevention & Control of Pollution) Act 1981 and rules there under
 - xix) Hazardous Wastes (Management, Handling and Trans boundary Movement) Rules, 2008.
 - xx) Newspaper Publications

2. Principle-wise (as per NVGs) BR Policy/policies (Reply in Y/N)

The National Voluntary Guidelines on Social, Environmental and Economic Responsibilities of Business (NVGs) released by the Ministry of Corporate Affairs has adopted nine areas of Business Responsibility. These briefly are as follows:

Principle 1

Businesses should conduct and govern themselves with Ethics, Transparency and Accountability

Principle 2

Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle

Principle 3

Businesses should promote the wellbeing of all employees

Principle 4

Businesses should respect the interests of, and be responsive towards all stakeholders, especially those who are disadvantaged, vulnerable and marginalized

Principle 5

Businesses should respect and promote human rights

Principle 6

Business should respect, protect, and make efforts to restore the environment

Principle 7

Businesses, when engaged in influencing public and regulatory policy, should do so in a responsible manner

Principle 8

Businesses should support inclusive growth and equitable development

Principle 9

Businesses should engage and provide value to their customers and consumers in a responsible manner

3. Governance related to BR

i. Indicate the frequency with which the Board of Directors, Committee of the Board or CEO to assess the BR performance of the Company. Within 3 months, 3-6 months, Annually, More than 1 year:

The Managing Director and top management periodically review the BR performance of the Company through Leadership Meetings.

ii. Does the Company publish a BR or a Sustainability Report? What is the hyperlink for viewing this report? How frequently it is published?

BR will published annually along with the Annual Report

Web link: www.kaveriseeds.in

Section E: Principle-wise Performance

Principle 1 - Ethics

1. Does the policy relating to ethics, bribery and corruption cover only the Company?

Does it extend to the Group/Joint Ventures/Suppliers/Contractors/NGOs/Others?

The Company is committed to build a strong ethical organization. As a result, the Company has adopted a Code of Conduct policy which is applicable to all the employees of the Company including the board members. The policy lays emphasis on the honesty, integrity and ethical conduct of the employees and has been communicated to the employees time to time, across all the locations.

2. How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.

During the financial year, the Company has not received any complaint from the stakeholders.

Principle 2 - Product Life Cycle Sustainability

Leading companies have made strategic investments in their supply-chain capabilities and set up efficient and effective organizations that overcome cross-functional silos. By outperforming the overall level of maturity in their sectors, they have been able to disrupt them, as Kaveri seeds has done to the seed industry. The Company has been able to redefined the customers' expectations of service and their ability to bring innovation to the market, turning its excellence in supply-chain execution into a powerful source of competitive advantage. Kaveri considered being the very best company in seed production continues to evolve and reinvent its supply chains, even if it has already achieved a leading position in their industry. By doing so, the Company has been able to manage risks; respond to changes in the economic, technological, and competitive environment; and exploit new opportunities more effectively than their competitors. It has been able to innovate and defy on the product lifecycle thereby bring in better seeds.

1. List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities.

- Kaveri Plant operations team has installed & commissioned 30 mechanical conveyers to replace manual hand grading which would enhance the quality recovery, ensure the increase of per day output and also pack cotton seed within time bound.

- A centralized & dedicated stores ware house was created for non-seed inventory (primary, secondary packing material & seed treatment chemicals) which helps in systematic stacking of the products, proper tagging of the stacked products & correct physical verification of the inventory on periodical basis.
 - A huge cold storage facility has been created to store the seed, safe guard the seed from High temperature and Relative humidity and also to protect the viability of the seed.
 - Provided field safety shoes to the entire Breeding, Seed production and field operation personals in order to mitigate the risk of foot injuries & snake bites during the course of their regular field visits. Anti-venom is also at disposal to combat from snake bite.
 - Cyclofans, Cyclones, Centrifans and Bag Filters are used at the Seed Processing, Blending, Delinting and Packing machines to avoid dust in the work place and their surroundings. We collect the processing dust in a bag and use it as manure in our R & D Farms.
 - We use Dilute Sulfuric acid Delinting Plant (EMKAT) where only 12-16% diluted sulfuric Acid is used for cotton Delinting against conventional Delinting method. Also, we re-circulate excess acid and reuse the same.
 - Discard of used germination papers: we do not discard used germination paper. Instead a compost pit is dug and used germination papers are decomposed and the compost used in R & D Farms.
 - Rain water Harvesting has been implemented where we use water from constructed percolation tanks and storage tanks wherever possible. The stored rainwater after filtration is being used for plants and Laboratories.
 - We have provided cost-free plant protection chemical (Cobalt Chloride) to several hundreds of cotton seed farmers to ward-off the leaf reddening impact which is caused by physiological disorders influenced by the adverse climatic conditions.
- The maize shanks generated during the dry cob shelling are used for heat generation process which helps to heat up the air to a desired critical temperature for drying the harvested wet cobs; delivered from the production field, thus minimizing the huge energy source requirements.
2. For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product (optional):
- a. Reduction during sourcing/production/ distribution achieved since the previous year throughout the value chain?
Our strongest desire is to seek potential innovation in core crop and visualise a base that progresses us to become a market leader through our world class seed production.
- Kaveri Seeds rightly define its supply chain management by placing delivery as one of the key motion for the trust of our growers and farmers. Delivery standards are highly dictated and audited and we assure that nothing goes a miss in delivery principles. While this is at side, our cost of goods sold (COGS) remains potential throughout.
- Taking up the challenges related to seed production scenario and with meticulous planning and execution, target production volumes were realized.
 - Introduction of certain process and matrix changes has enhanced the production volume and quality of the product
 - We assure safeguarding of seeds from unforeseen climatic conditions by organizing seed production in multiple geographies.
 - Seed's post-production operational practices are top notch while mechanical dryers were used to dry the seeds during seed processing. As a result, there has been an increase in the efficiency of the seeds, along with cost effectiveness.

We have reduced the manpower to over 40% by introducing mechanical grading of delinted

processed cotton seed which eventually saves enough time to make the seed material available for blending, treating, Labeling & packing.

- b. Reduction during usage by consumer's (energy, water) has been achieved since the previous year? Market sales return quantities were reduced by about 25 % over previous year through efficient liquidation tracking procedures.

Reduced un-dispatched packed finished goods volume from over 2000 tons to 700 tons through improved sales forecast planning, Liquidation efforts at market places, regular tracking of indents vs. dispatches & focused logistics.

3. Does the Company have procedures in place for sustainable sourcing (including transportation) ?

- a. If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof, in about 50 words or so.

We, as an organization have made persistent efforts to retain our sourced seed suppliers by ensuring their continuous engagement in two seasons of seed production & by providing multiple crop seed production opportunities in multiple geographies. Resultantly, the grower base retention & loyalty, production reliability & sustainability have been ensured.

We are recruiting most of the frontline employees and daily Labor from surrounding villages and providing employment to local people.

Similar procedural efforts were made with respect to sourcing non-seed products from our reliable repeated vendors at a reasonable cost, high quality & timely supply.

4. Has the Company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work?

- If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

The Company introduced direct grower procurement model in the proximity of our seed conditioning & drying facilities to effectively engage the small land holders &

the neighborhood farming societies to produce quality seed for us. This initiative of ours has yielded in complete retention of these small land holders bringing hundreds of acres under seed production & we becoming their continued & most preferred seed company.

5. Does the Company have a mechanism to recycle products and waste? If yes what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%). Also, provide details thereof, in about 50 words or so.

The Company has established systems to recycle a) the seed treated chemical wash water back in to the treatment process which helps to overcome hazardous waste disposal challenges, b) the maize shanks generated the following dry cob shelling back in to the heat generation process that helps in heating up the air to a desired critical temperature to dry the harvested wet cobs delivered from the production field, minimizing the energy source requirements & c) the used chemical containers to minimize the chemical waste and help protect the environment around.

Principle 3 – Business should promote the well-being of all the Employees

1. Please indicate the Total number of employees.

The Company has 883 employees as on 31.03.2018

2. Please indicate the Total number of employees hired on temporary/ contractual/casual basis.

The Company has no contractual employees as on 31.03.2018

3. Please indicate the Number of permanent women employees.

The Company has 33 women employees as on 31.03.2018

4. Please indicate the Number of permanent employees with disabilities

Nil

5. Do you have an employee association that is recognized by management?

Nil

6. What percentage of your permanent employees is members of this recognized employee association?

Not Applicable

7. Please indicate the Number of complaints relating to child labour, forced labour, involuntary labour, sexual harassment in the last financial year and pending, as on the end of the financial year.

S. No.	Category	No of complaints filed during the financial year	No of complaints pending as on end of the financial year
Child labour/forced labour/involuntary labour	Nil	Nil	Nil
Sexual harassment	Nil	Nil	Nil
Discriminatory employment	Nil	Nil	Nil

8. What percentage of your under mentioned employees were given safety & skill up-gradation training in the last year?

- Permanent employees: Employee training is a continuous process in the organization and all the employees are given mandatory safety training at the time of joining the organization.

Particulars	Safety (%)	Skill up-gradation (%)
Permanent Employees	100%	100%
Permanent Women Employees	100%	100%
Casual/Temporary/Contractual Employees	Nil	Nil
Employees with Disabilities	NA	NA

Principle 4 - Stakeholders Engagement

- Has the Company mapped its internal and external stakeholders?
Yes.
- Out of the above, has the Company identified the disadvantaged, vulnerable & marginalized stakeholders?
There are no disadvantaged, vulnerable and marginalized stakeholders identified by the Company.
- Are there any special initiatives taken by the Company to engage with the disadvantaged, vulnerable and marginalized stakeholders? If so, provide details thereof, in about 50 words or so.
The Company believes in greater engagement with its stakeholders and being sensitive towards their needs and expectations. This is one of the corporate values that focuses on being responsive, listening to stakeholders, being proactive and transparent.

The Company has a whistle blower policy that provides support to employees, channel partners and vendors to report significant deviations from key management

policies and report any noncompliance and wrong practices. The Company also has an investor grievance cell where the investors can raise their concerns and are resolved appropriately.

Principle 5 - Human Rights

- Does the policy of the Company on human rights cover only the Company or extend to the Group/Joint Ventures/Suppliers/Contractors/NGOs/Others?
The policy covers the employees of the Company
- How many stakeholder complaints have been received in the past financial year and what percent was satisfactorily resolved by the management?
None was received

Principle 6 - Business should respect, protect and make efforts to restore the Environment.

- Does the policy related to Principle 6 cover only the Company or extends to the Group/Joint Ventures/Suppliers/Contractors/NGOs/others.
The Company is committed to operate all its plants in an environmental friendly manner, while taking all pre cautionary measures and protecting the health and safety of its employees.
- Does the Company have strategies/ initiatives to address global environmental issues such as climate change, global warming, etc?
Research initiatives were under taken to combat climatic change for developing suitable hybrids in Maize & Pearl millet.
- Does the Company identify and assess potential environmental risks?
Yes
- Does the Company have any project related to Clean Development Mechanism?
At present the Company does not have any project related to clean development mechanism.
- Has the Company undertaken any other initiatives on – clean technology, energy efficiency, renewable energy, etc.
No
- Are the Emissions/Waste generated by the Company within the permissible limits given by CPCB/SPCB for the financial year being reported?
Yes, all the processing plants comply with the prescribed permissible limits for air emissions, effluent quality and discharge, solid and hazard waste generation and disposal as per their regulatory authorities.

7. Number of show cause/legal notices received from CPCB/SPCB which are pending (i.e. not resolved to satisfaction) as on end of financial year.
No pending notices as on 31.03.2018

Principle 7 - Policy Advocacy

1. Is your Company a member of any trade and chamber or association? If Yes, Name only those major ones that your business deals with:
The Company is associated with various trade organizations, chambers etc., as follows:

Report on Corporate Governance

Report Pursuant to Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, compliance with the requirements of Corporate Governance is set out below:

Company's Philosophy on Code of Corporate Governance

Your Company believes that the Corporate Governance is integral to all the functions and divisions of the organization for creating value for all the stakeholders. In this competitive business environment, both the management and employees vigorously uphold the values of integrity, transparency, responsibility and accountability.

The Company believes that Corporate Governance is about best practices of business to be imbibed into the culture of the organization and complying with value systems, ethical business practices, laws and regulations to achieve the main objectives of the Company.

The Company is committed to optimizing long term value for its stakeholders with a strong emphasis on the transparency of its operations and instilling pride of association. The Company follows the best practices of Corporate Governance and reporting systems in accordance with SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Board of Directors

As of the date of the Report, the Board of Kaveri Seed had Ten Directors, comprising Four Executive Directors including the Chairman & Women Director, one non-executive non independent Director and Five are the Independent Directors. The composition of the Board is in conformity with SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Listing Agreement entered into with the Stock Exchanges. None of the Non-Executive Independent Directors are responsible for the day to day affairs of the Company.

The Directors have expertise in the fields of strategy, management, production, finance, marketing and Research & Development. The Board provides leadership, strategic guidance, objective and independent view to the Company's management while discharging its fiduciary responsibilities, thereby ensuring that the management adheres to high standards of ethics, transparency and disclosure. Each Director informs the Company on annual basis about the Board and Board Committee positions he/she occupies in other companies including Chairmanships and notified changes during the term of their directorship in the Company. None of the Directors on the Board hold directorships in more than ten public companies. Further none of them is a member of more than ten committees or chairman of more than five committees across all the public companies in which he or she is a Director. Necessary disclosures regarding committee positions in other public companies as on 31st March 2018 have been made by the Directors.

Independent Directors are non-executive directors as defined under Regulation 16(1)(b) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 and Section 149(6) of the Companies Act 2013. The maximum tenure of independent directors is in compliance with the Companies Act. All the independent Directors have confirmed that they meet the criteria of independence as mentioned under Regulation 16(1)(b) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 and Section 149(6) of the Companies Act 2013.

The Company is in compliance with the requirements stipulated under Regulations 17 to 27 read with Schedule V and clauses (b) to (i) of sub-regulation (2) of Regulation 46 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as applicable with regard to Corporate governance as detailed below:

Member	No. of Meetings	Attendance
Mr. K. Purushotham	4	4
Mr. P. Varaprasad Rao	4	3
Mr. M. Srikanth Reddy	4	4
Mr. C. Mithun Chand	4	4

Nomination and Remuneration Committee

Brief description of terms of reference of Nomination and Remuneration Committee

- Identifying persons who are qualified to become Directors and who may be appointed in senior management in accordance with the criteria laid down, and recommend to the Board their appointment and removal;
- Carry on the evaluation of every director's performance;
- Formulation of the criteria for determining qualifications, positive attributes and independence of a director;
- Recommend to the Board a policy, relating to the remuneration of the Directors and Key Managerial Personnel;
- Formulation of criteria for evaluation of Independent Directors and the Board;
- Devising a policy on Board diversity;
- Grant, issue and allot of options to eligible employees and administering the various Employee Stock Option Scheme(s) from time to time and

- Undertake any other matter as the Board may decide from time to time.

The composition of the Nomination and Remuneration/ Compensation Committee comprises of three Independent Directors. Mr. P. Varaprasad Rao, Chairman of the Committee and Mr. M. Srikanth Reddy and Dr. S. Raghuvardhan Reddy are the members of the Committee as on 31st March 2018. During the year, the Nomination and Remuneration Committee met one time on 27.10.2017.

The attendance at the Nomination and Remuneration meeting(s) during the financial year 2017-18 is as under:

Member	No. of Meetings	Attendance
Mr. P. Varaprasad Rao	1	1
Mr. M. Srikanth Reddy	1	1
Dr. S. Raghuvardhan Reddy	1	1

i) Remuneration Policy

The remuneration committee of Board of Directors of the Company generally decides and makes recommendations to the Board of Directors about the remuneration to be paid to the Directors and other Key Managerial Persons of the Company. The remuneration recommendations about the remuneration of Directors are subject to the approval of the Members of the Company and the remuneration of the Key Managerial Persons is to be recommended by the remuneration committee to the Board. The Non- Executive Directors are paid sitting fees for attending meetings of Board/Committee.

The nomination and remuneration policy as adopted by the Board is placed on the Company's website at www.kaveriseeds.in

ii) Performance evaluation of Directors & Formulation of the criteria for evaluation of Independent Directors and the Board

Pursuant to the provisions of the Companies Act, 2013 and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and the guidance Note on Board Evaluation issued by the SEBI on 5th January 2017, the Board has carried out an annual performance evaluation of its own performance, the directors individually as well as the evaluation of the working of its committees.

The performance of the board was evaluated by the board after seeking inputs from all the directors on the basis of criteria such as the board composition and structure, effectiveness of board processes, information and functioning etc.,

The performance of the committees was evaluated by the board after seeking inputs from the committee members on the basis of criteria such as the composition of committees, effectiveness of committee meetings etc.,

In a separate meeting of independent directors, performance of non-independent directors, the chairman of the Company and the board as whole was evaluated, taking into account the views of executive directors and non-executive directors.

The Board and the nomination and remuneration committee reviewed the performance of individual directors on the basis of criteria such as the contribution of the individual director to the board and committee meetings like preparedness on the issues to be discussed, meaningful and constructive contribution and inputs in meetings etc.,

In the board meeting that followed the meeting of the independent directors and meeting of nomination and remuneration committee, the performance of the board, its committees, and individual directors was also discussed. The performance evaluation of the Independent Directors was completed. The performance evaluation of the Chairman and the Non-Independent Directors was carried out by the Independent Directors. The Board of Directors expressed their satisfaction with the evaluation process.

xvi) Disclosure with respect to Demat suspense account/ unclaimed suspense account

In accordance with the requirement of Clause F of Schedule V of SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015, the Company reports the following details in respect of equity shares lying in the suspense account:

S. No.	Particulars	Number of shareholders	Number of equity shares
1	Aggregate number of shareholders and the outstanding shares in the suspense account lying as on April 1, 2017.	0	0
2	Shareholders who approached the Company for transfer of shares from Unclaimed Suspense account during the year.	0	0
3	Shareholders to whom shares were transferred from the Unclaimed Suspense account during the year.	0	0
4	Shareholders whose shares are transferred to the demat account of the IEPF Authority pursuant to the provisions of Section 124 of the Companies Act, 2013.	3	390
5	Aggregate number of shareholders and the outstanding shares lying in the Unclaimed Suspense account at the end of the year i.e., as on March 31, 2018.	3	390

The voting rights on the shares outstanding in the suspense account as on March 31, 2018 shall remain frozen till the rightful owner of such shares claim the shares.

xvii) Transfer of unclaimed/unpaid amounts to the Investor Education and Protection Fund:

Pursuant to Sections 124 and 125 of the Act read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ("IEPF Rules"), dividends, if not claimed for a consecutive period of 7 years from the date of transfer to Unpaid Dividend Account of the Company, are liable to be transferred to the Investor Education and Protection Fund ("IEPF").

Further, shares in respect of such dividends which have not been claimed for a period of 7 consecutive years are also liable to be transferred to the demat account of the IEPF Authority. The said requirement does not apply to shares in respect of which there is a specific order of Court, Tribunal or Statutory Authority, restraining any transfer of the shares. The provisions relating to transfer of shares were made effective by the Ministry of Corporate Affairs, vide its Notification dated October 13, 2017 read with the circular dated October 16, 2017, wherein it was provided that where the period of 7 consecutive years, as above, was completed or being completed during the period from September 7, 2016 to October 31, 2017, the due date of transfer for such shares was October 31, 2017.

In the interest of the shareholders, the Company sends periodical reminders to the shareholders to claim their dividends in order to avoid transfer of dividends/shares to IEPF Authority. Notices in this regard are also published in the newspapers and the details of unclaimed dividends and shareholders whose shares are liable to be transferred to the IEPF Authority, are uploaded on the Company's website (www.kaveriseeds.in).

In light of the aforesaid provisions, the Company has during the year, transferred to IEPF the unclaimed dividends, outstanding for 7 consecutive years of the Company. Further, shares of the Company, in respect of which dividend has not been claimed for 7 consecutive years or more, have also been transferred to the demat account of IEPF Authority.

In view of the above said Circular, during the year the Company has transferred 390 Equity Shares of ₹ 2/- each to the Investor Education and Protection Fund Authority account, the shareholders who have not claimed dividends for a continuous period of 7 consecutive years of the Company.

The members who have a claim on above dividends and shares may claim the same from IEPF Authority by

submitting an online application in the prescribed Form No. IEPF-5 available on the website www.iepf.gov.in and sending a physical copy of the same, duly signed to the Company, along with requisite documents enumerated in the Form No. IEPF-5. No claims shall lie against the Company in respect of the dividend/shares so transferred.

xviii) Code of Conduct

The Board of Directors has laid down a 'Code of Conduct' (code) for all the Board members and the Senior Management of the Company and this code is posted on the website of the Company. Annual declaration is obtained from every person covered by the code.

Date: 24.05.2018
Place: Secunderabad

The Company has a comprehensive Code of Conduct for prevention of insider trading in accordance with the requirements of SEBI (Prohibition of Insider Trading) Regulations, 2015. The Board has formulated a Code of Conduct to regulate, monitor and report trading by insiders and the Board has also adopted a code of practices and procedures for fair disclosure of un-published price sensitive information.

xix) CEO and CFO Certification

The Chairman and Managing Director and the Chief Financial Officer of the Company have given the annual certification on financial reporting and internal controls to the Board in terms of Regulation 17(8) of SEBI (LODR) Regulations, 2015.

CEO/CFO Certification

(Pursuant to Regulation 17(8) of SEBI (LODR) Regulations, 2015)

We hereby certify that:

- a. We have reviewed financial statements and the cash flow statement for the Financial Year ended 31st March 2018 and that to the best of our knowledge and belief :
 - i. these statements do not contain any materially untrue statement or omit any material fact or contain statements that might be misleading;
 - ii. these statements together present a true and fair view of the Company's affairs and are in compliance with existing accounting standards, applicable laws and regulations.
- b. There are, to the best of our knowledge and belief, no transactions entered into by the Company during the year which are fraudulent, illegal or violative of the Company's code of conduct.
- c. We accept responsibility for establishing and maintaining internal controls for financial reporting and that we have evaluated the effectiveness of internal control systems of the Company pertaining to financial reporting and we have disclosed to the auditors and the Audit Committee, deficiencies in the design or operation of such internal controls, if any, of which we are aware and the steps we have taken or propose to take to rectify these deficiencies.
- d. We have indicated to the auditors and the Audit Committee that there are no:
 - i. significant changes in internal control over financial reporting during the year;
 - ii. significant changes in accounting policies during the year and that the same have been disclosed in the notes to the financial statements; and
 - iii. instances of significant fraud of which we have become aware and the involvement therein, if any, of the management or an employee having significant role in the Company's internal control system over financial reporting.

Certificate on compliance with the conditions of Corporate Governance under Regulation 34(3) read with Schedule V of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015

To
The Members of
M/s. KAVERI SEED COMPANY LIMITED

We have examined the compliance of conditions of Corporate Governance by Kaveri Seed Company Limited, (the Company) for the financial year ended March 31, 2018, as stipulated in Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

The compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination was limited to review the procedures and implementation thereof, adopted by the Company, for ensuring the compliance of the

conditions of Corporate Governance. It is neither an audit nor an expression of opinion on Financial Statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Independent Auditor's Report

To
The Members of

Kaveri Seed Company Limited

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying standalone Ind AS financial statements of Kaveri Seed Company Limited ("the Company"), which comprise the Balance Sheet as at 31 March 2018, the Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement, the Statement of Changes in Equity for the year then ended and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone Ind AS financial statements").

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), cash flows and statement of changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards prescribed under Section 133 of the Act, read with relevant Rules made thereunder. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2018, and its profit (including other comprehensive income), its cash flows and changes in equity for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;

- c. the balance sheet, the statement of profit and loss, including other comprehensive income, the cash flow statement and the statement of changes in equity dealt by this Report are in agreement with the books of account;
 - d. In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act, read with relevant rules made thereunder;
 - e. On the basis of written representations received from the directors as on 31 March 2018, and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2018, from being appointed as a director in terms of Section 164 (2) of the Act;
 - f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in 'Annexure A'; and
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The standalone Ind AS financial statements disclose the impact of pending litigations on the standalone financial position of the Company-Refer Note No.51 to the standalone Ind AS financial statements;
 - ii. the company has made provision, as required under the applicable laws or accounting standards, for material foreseeable losses, if any, on long term contracts as at 31 March 2018; and
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the 'Annexure B', a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure A

to the Independent Auditors' Report

(Referred to in paragraph 1(f) under "Report on Other Legal and Regulatory Requirements" section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Kaveri Seed Company Limited ("the Company") as of 31 March 2018, in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone Ind AS financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and according to the information and explanation given to us, the Company has, in all material

respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annexure B

to the Independent Auditors' Report

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date to the members of Kaveri Seed Company Limited)

- (i) In respect of its Fixed Assets:
 - (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of its fixed assets.
 - (b) According to the information and explanations given to us, the fixed assets have been physically verified during the year by the Management in accordance with a programme of verification, which, in our opinion, provides for physical verification of all the fixed assets at reasonable intervals having regard to the size of the Company and the nature of their assets. The discrepancies noticed on such verification were not material and have been properly dealt with in the books of account.
 - (c) According to the information and explanations given to us, and on the basis of our examination of the records of the Company, the title deeds of immovable properties shown in fixed asset schedule are held in the name of Company as at the balance sheet date.
- (ii) As explained to us, inventories were physically verified during the year by the management at reasonable intervals. The discrepancies noticed on physical verification between the physical stocks and the book records are not material and they have been properly dealt within the books of accounts.
- (iii) According to the information and explanations given to us, the Company has not granted any loans secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Act. Accordingly paragraph 3(iii) of the Order are not applicable, at present.
- (iv) According to the information and explanations given to us, the Company has not given any loans, made any investments, given any guarantee and securities to any person to which provisions of the section 185 and 186 of the Act are applicable.
- (v) According to the information and explanations given to us, the Company has not accepted any deposits during the year to which the directions issued by the Reserve Bank of India and provisions of Section 73 to Section 76 or any other relevant provision of the Act and the Rules framed there under, were applicable.
- (vi) According to the information and explanations given to us, the Central Government has not prescribed maintenance of cost records under Section 148(1) (d) of the Act for the Company.
- (vii) According to the information and explanations given to us and according to the books and records as produced and examined by us in accordance with the generally accepted auditing practices in India, in respect of statutory dues:
 - (a) The Company is generally regular in depositing undisputed statutory dues including provident fund, income tax, sales-tax, service tax, custom duty, value added tax, cess and any other material statutory dues applicable to it with the appropriate authorities during the year.
 - (b) There were no undisputed amounts payable in respect of provident fund, income tax, sales tax, service tax, customs duty, value added tax and cess which were in arrears as at 31 March 2018 for a period of more than six months from the date they became payable.

(c) The details of statutory dues which have not been deposited as on 31 March 2018 on account of disputes are given below:

(₹ in Lakhs)

Statute	Nature of dues	Forum where dispute is pending	Period to which the amount relates	Amount involved
Central Excise Act	Excise Duty	Commissioner of Customs & Central Excise, Hyderabad	April 2010 to March 2014	276.59
APGST Act	Purchase Tax	Hon'ble High Court of Andhra Pradesh	April 2003 to March 2004	22.37
Karnataka VAT Act	VAT & Interest	Jt. Commissioner of Commercial Taxes, Davangere	April 2011 to March 2012	1.83
Karnataka VAT Act	VAT & Interest	Jt. Commissioner of Commercial Taxes, Davangere	April 2012 to March 2013	0.45

- (viii) According to the information and explanations given to us, the Company has not defaulted in repayment of dues to banks and government. The company has not availed any loans or debentures from financial institution.
- (ix) According to the information and explanations given to us, the company has utilized the money raised by way of term loans for the purposes for which they were obtained. The Company did not raise any money by way of initial public offer or further public offer (including debt instruments) during the year.
- (x) During the course of our examination of the books and other records of the Company in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the year, nor have we been informed of such case by the management.
- (xi) According to the information and explanations give to us and based on our examination of the records of the Company, managerial remuneration has been paid or provided with requisite approvals mandated in accordance with the provisions of section 197 read with schedule V to the Companies Act, 2013.
- (xii) According to the information and explanations given to us and based on our examination of the records, the Company is not a Nidhi Company. Accordingly, paragraph 3(xii) of the Order is not applicable.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the standalone Ind AS financial statements as required by the applicable accounting standards.
- (xiv) According to the information and explanations given to us and based on the records of the Company examined by us, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year.
- (xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into non-cash transactions with directors or directors of its subsidiaries or persons connected with them and hence provisions of Section 192 of the Act, are not applicable.
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934

Notes

forming part of Financial Statements for the year ended March 31, 2018

1 Corporate Information

Kaveri Seed Company Limited ("the Company") has been incorporated on August 27, 1986, as private limited company and converted into public limited company on November 07, 2006. The company has been listed on 04.10.2007 on the Bombay Stock Exchange and the National Stock Exchange in India. The company is into research, production, processing and marketing of various high quality hybrid seeds.

The financial statements reflect the results of its operations carried on by the company.

2 Summary of significant accounting policies

2.1 Statement of Compliance

The financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Companies Act, 2013, read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, relevant provisions of the Act and other Accounting principles generally accepted in India. The Company has adopted Indian Accounting Standards from the financial year 2016-17 and the date of transition to Ind AS is April 1, 2015.

The standalone financial statements have been authorised for issue by the board of directors of the company on 24th May 2018.

2.2 Basis for preparation of financial statements

The financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements. All assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria as set out in the Division II of Schedule III of Companies Act 2013. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

2.3 Use of Estimates

The preparation of financial statements requires the management of the company to make estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of financial statements, disclosure of contingent liabilities as at the date of the

financial statements and the reported amounts of income and expenses during the reported period. Changes in estimates are reflected in the financial statements in the period in which changes are made and if material their effects are disclosed in the financial statements.

2.4 Property, Plant & Equipment and Other Intangible assets

Property, plant and equipment is stated at acquisition cost net of accumulated depreciation and accumulated impairment losses if any. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset as appropriate only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Statement of Profit and Loss during the period in which they are incurred. Gains or losses arising on retirement or disposal of property, plant and equipment are recognised in the Statement of Profit and Loss. Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress". Depreciation is provided on a pro-rata basis on the WDV method based on estimated useful life prescribed under Schedule II to the Companies Act, 2013.

Freehold land is not depreciated.

Separately purchased intangible assets are initially measured at cost. Intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses if any.

2.5 Biological Asset

Recognition and measurement

The company recognises the biological asset (agricultural produce) when:

- (a) the company controls the asset as a result of past events;
- (b) it is probable that future economic benefits associated with the asset will flow to the company; and
- (c) the fair value or cost of the asset can be measured reliably.

Notes

forming part of Financial Statements for the year ended March 31, 2018

The biological asset are measured at the end of each reporting period at its fair value less costs to sell.

2.6 Leases

Leases in which a substantial portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments and receipts under such leases are recognised to the Statement of Profit and Loss on a straight-line basis over the term of the lease unless the lease payments to the lessor are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases in which case the same are recognised as an expense in line with the contractual term.

2.7 Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale are added to the cost of those assets until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.8 Government Grants

Government Grants are recognised in profit or loss on a systematic basis over the periods in which the company recognises as expenses the related cost for which the grants are intended to compensate. Specifically government grants whose primary condition is that the company purchase, construct or otherwise acquire non-current assets are recognised as deferred revenue in the balance sheet and transferred to profit or loss on a systematic and rational basis over the useful lives of the related assets.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the company with no future related costs are recognised in profit or loss in the period in which they become receivable.

2.9 Impairment of Assets

i) Financial assets

Company assesses at each balance sheet date whether there is objective evidence that a financial asset or a company of financial assets is impaired. A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset.

Impairment loss on financial assets carried at amortised cost is measured at the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the financial asset's original effective interest rate. In a subsequent period if the amount of impairment loss decreases and the decreases can be related objectively to an event the previously recognised impairment is reversed through profit or loss.

ii) Non-financial assets

Property, Plant & Equipment and Other Intangible assets
Property, Plant and Equipment and Other intangible assets with definite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the profit or loss.

2.10 Revenue recognition

Revenue from sale of goods is recognised when all the significant risks and rewards of ownership in the goods are transferred to the buyer as per the terms of the contract, there is no continuing managerial involvement with the goods and the amount of revenue can be measured reliably. The Company retains no effective control of the goods transferred to a degree usually associated with ownership and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods. Revenue is measured at fair value of

Notes

forming part of Financial Statements for the year ended March 31, 2018

the consideration received or receivable, after deduction of any trade discounts, schemes, volume rebates and any taxes or duties collected on behalf of the government which are levied on sales such as sales tax, value added tax, etc

Income from export incentives such as duty drawback and premium on sale of import licenses and lease license fee are recognised on accrual basis.

2.11 Dividend and Interest Income

Dividend income from investments is recognised when the shareholders right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis by reference to the principal outstanding and at the effective interest rate applicable which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.12 Foreign currency transactions

The functional currency of the Company is Indian Rupees (INR).

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Gains and losses arising on settlement are included in the profit or loss.

2.13 Financial Instruments

Financial assets and liabilities are recognised when the company becomes a party to the contractual provisions of the instrument.

Financial assets and liabilities are measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on financial asset or financial liability.

Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised in profit or loss.

i) Non-derivative financial instruments

Cash and cash equivalents

The company considers all highly liquid financial instruments which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

The company has made an irrevocable election to present subsequent changes in fair value of investments not held for trading in other comprehensive income.

Financial assets at fair value through Profit or loss

Financial assets are measured at fair value through profit or loss unless they are measured at cost or at fair value through other comprehensive income. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in statement of profit or loss

Financial assets at cost

Investment in subsidiaries are measured at cost.

Financial liabilities

Financial liabilities at fair value through profit and loss are stated at fair value, with any gains or losses arising on remeasurement recognised in profit and loss.

For trade and other payables maturing within one year from the Balance Sheet date the carrying amounts approximate fair value due to the short maturity of these instruments.

Notes

forming part of Financial Statements for the year ended March 31, 2018

2.14 Employee Benefits

a) Gratuity:

The company accounts for its gratuity liability a defined retirement benefit plan covering eligible employees. The gratuity plan provides for a lump sum payment to employees at retirement, death, incapacitation or termination of the employment based on the respective employee's salary and the tenure of the employment. Liabilities with regard to a Gratuity plan are determined based on the actuarial valuation carried out by an independent actuary as at the Balance Sheet date using the Projected Unit Credit method for the Company

Actuarial gains and losses are recognised in full in other comprehensive income and accumulated in equity in the period in which they occur.

b) Provident fund:

The eligible employees of the Company are entitled to receive the benefits of Provident fund a defined contribution plan in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary (currently at 12% of the basic salary) which are charged to the Statement of Profit and Loss on accrual basis. The provident fund contributions are paid to the Regional Provident Fund Commissioner by the Company.

The Company has no further obligations for future provident fund and superannuation fund benefits other than its annual contributions.

c) Compensated absences:

The company provides for the encashment of leave subject to certain company's rules. The employees are entitled to accumulate leave subject to certain limits for future encashment or availment. The liability is provided based on the number of days of unavailed leave at each Balance Sheet date on the basis of an independent actuarial valuation using the Projected Unit Credit method for the Company.

The liability which is not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised based on actuarial valuation as at the Balance Sheet date.

Actuarial gains and losses are recognised in full in the Statement of Profit and Loss in the period in which they occur.

The company also offers a short term benefit in the form of encashment of unavailed accumulated compensated absence above certain limit for all of its employees and same is being provided for in the books at actual cost.

d) Other short term employee benefits:

Other short-term employee benefits such as performance incentives expected to be paid in exchange for the services rendered by employees, are recognised during the period when the employee renders the service.

2.15 Share Based Payment Arrangements

Employees of the Company receive remuneration in the form of sharebased payments in consideration of the services rendered.

Under the equity settled share based payment the fair value on the grant date of the awards given to employees is recognised as 'employee benefit expenses' with a corresponding increase in equity over the vesting period. The fair value of the options at the grant date is calculated by an independent valuer basis Black Scholes model. At the end of each reporting period apart from the non market vesting condition the expense is reviewed and adjusted to reflect changes to the level of options expected to vest. When the options are exercised the Company issues fresh equity shares.

For cash-settled share based payments, the fair value of the amount payable to employees is recognised as 'employee benefit expenses' with a corresponding increase in liabilities over the period of non market vesting conditions getting fulfilled. The liability is remeasured at each reporting period up to and including the settlement date with changes in fair value recognised in employee benefits expenses.

2.16 Inventories

Inventories comprise of Raw and Packing Materials, Work in Progress, Finished Goods(Manufactured and Traded). Inventories are valued at the lower of cost or the net realisable value after providing for obsolescence and other losses where considered necessary. Cost is determined on FIFO basis. Cost includes all charges in bringing the goods to their present location and condition including octroi and other levies, transit insurance and receiving charges. The cost of work-in-progress and finished goods comprises of materials, direct labour, other direct costs and related production overheads. Net realizable value

Notes

forming part of Financial Statements for the year ended March 31, 2018

is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

2.17 Trade Receivables

Trade receivables are stated at net of advances. Ageing of receivable are considered as tool to determine the degree of liquidity. Receivable due for more than two years and balance considered doubtful, referred for recovery through legal proceeding are considered for provision.

2.18 Taxation

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to / recovered from the tax authorities based on estimated tax liability computed after taking credit for allowances and exemption in accordance with the tax laws applicable in India.

Minimum Alternative Tax (MAT) paid in accordance with the tax laws, which gives rise to future economic benefits in the form of adjustment of future income tax liability is considered as an asset if there is convincing evidence that the company will pay normal tax in future periods. Accordingly it is recognized as an asset in the Balance Sheet when it is probable that the future economic benefit associated with it will flow to the company and the asset can be measured reliably.

Deferred income taxes

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred income tax asset are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

Deferred income tax liabilities are recognised for all taxable temporary differences except in respect of taxable temporary differences associated with investments in

subsidiaries where the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

2.19 Earnings per Share

Basic earnings/ (loss) per share are calculated by dividing the net profit / (loss) for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings / (loss) per share, the net profit / (loss) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

The dilutive potential equity shares are adjusted for the proceeds receivable, had the shares been issued at fair value. Dilutive potential equity shares are deemed converted as of the beginning of the period unless issued at a later date.

2.20 Provision, Contingent Liabilities and Contingent Assets

A provision is recognized when the company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation in respect of which reliable estimate can be made. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects when appropriate the risks specific to the liability. When discounting is used the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent Liabilities and Contingent Assets are not recognized in the financial statements.

Notes

forming part of Financial Statements for the year ended March 31, 2018

2.21 Critical accounting estimates and judgements

In preparing these financial statements, Management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Information about significant areas of estimation uncertainty and judgements in applying accounting

policies that have the most significant effect on standalone financial statements are as follows.

- Provision for doubtful debts - Refer note no. 13.
- Provision for schemes - Refer note no. 23
- Provision for returns - Refer note no. 26
- Biological assets - Refer note no. 12
- Measurement of useful life and residual values of property, plant and equipments and useful life of intangible assets - Refer note no. 3

General Reserve: The Company has transferred a portion of the net profit of the Company before declaring dividend to general reserve pursuant to the earlier provisions of Companies Act 1956. Mandatory transfer to general reserve is not required under the Companies Act 2013.

Securities Premium Reserve: The amount received in excess of face value of the equity shares is recognised in Securities Premium Reserve.

Retained Earnings: Retained earnings are the profits that the Company has earned till date less any transfers to general reserve, dividends, utilisations or other distributions paid to shareholders.

Other Comprehensive Income: The fair value change of the investments measured at fair value through other comprehensive income recognised through Other Comprehensive Income. Upon derecognition the cumulative fair value changes on the said investments are reclassified to the Statement of Profit and Loss. Accumulated gain or loss on employee benefits also recognised through other comprehensive income.

Capital Redemption Reserve: Face value of the No. of Shares cancelled through buyback is transferred to Capital Redemption Reserve.

40 Exceptional Items

For the financial year 2016-17 company had provided ₹ 5923.80 Lakhs as Exceptional Item towards the settlement of legal issue related to royalty payment with M/s. Mahyco Monsanto Biotech India Ltd related to Royalty payment in arbitration.

41 Capital Management

Equity share capital and other equity are considered for the purpose of Company's capital management. The Company manages its capital so as to safeguard its ability to continue as a going concern and to optimise returns to shareholders. The capital structure of the Company is based on management's judgement of its strategic and day-to-day needs with a focus on total equity so as to maintain investor, creditors and market confidence. The management and the Board of Directors monitors the return on capital as well as the level of dividends to shareholders. The Company may take appropriate steps in order to maintain or if necessary adjust its capital structure.

44 Financial Instruments

Refer Note 2.13 for accounting policy on Financial Instruments.

A. Accounting Classification and Fair Values

The carrying amounts and fair values of financial instruments by class are as follows:

(₹ in Lakhs)

Particulars	As at March 31, 2018	As at March 31, 2017
FINANCIAL ASSETS		
Financial assets measured at fair value		
Investments measured at (Note 7)		
i. Fair value through Other Comprehensive Income	54,306.57	66,809.34
	54,306.57	66,809.34
ii. Fair value through Profit & Loss Statement	7,953.22	-
	7,953.22	-
FINANCIAL LIABILITIES	-	-
	-	-

The Company has disclosed financial instruments such as cash and cash equivalents, other bank balances, trade receivables, current account balances with group companies, trade payables and unpaid dividends at carrying value because their carrying amounts are a reasonable approximation of the fair values due to their short term nature.

B. Income, Expenses, Gains or Losses on Financial Instruments

Interest income and expenses, gains or losses recognised on financial assets and liabilities in the Statement of Profit or Loss and Other Comprehensive Income are as follows:

(₹ in Lakhs)

Particulars	Year ended March 31, 2018	Year ended March 31, 2017
Financial assets measured at fair value through other comprehensive income		
Investment in equity & debt instruments	1,363.99	973.68
Financial assets measured at fair value through Profit & Loss Statement		
Investment in equity & debt instruments	(43.96)	-

C. Fair Value Hierarchy

The fair value of financial instruments have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The categories used are as follows:

Level 1: Quoted Prices for identical Instruments in an active Market

Level 2: Directly or indirectly observable market inputs, other than Level 1 inputs, and

Level 3: Inputs which are not based on observable market data

Notes

forming part of Financial Statements for the year ended March 31, 2018

For assets and liabilities which are measured at fair value as at Balance Sheet date, the classification of fair value calculations by category is summarized below:

	(₹ in Lakhs)			
	Level 1	Level 2	Level 3	Total
As at 31st March, 2018				
Assets at fair value				
Investments measured at:				
i. Fair Value through OCI	114.77	54,191.70	0.10	54,306.57
ii. Fair Value through Profit or Loss		7,953.22		7,953.22
As at 31st March, 2017				
Assets at fair value				
Investments measured at:				
i. Fair Value through OCI	115.99	66,692.81	0.54	66,809.34
ii. Fair Value through Profit or Loss	-	-	-	-

Calculation of Fair Values

The fair values of the financial assets and liabilities are defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Financial assets and liabilities measured at fair value as at Balance Sheet date:

- The fair values of investment quoted investment in equity shares is based on the current bid price of respective investment as at the Balance Sheet date.
- The fair values of investments in mutual fund units is based on the net asset value ('NAV') as stated by the issuers of these mutual fund units in the published statements as at Balance Sheet date. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which issuers will redeem such units from the investors.

Other financial assets and liabilities

Cash and cash equivalents (except for investments in mutual funds), trade receivables, investments in term deposits, other financial assets, trade payables, and other financial liabilities have fair values that approximate to their carrying amounts due to their short-term nature.

- Loans have fair values that approximate to their carrying amounts as it is based on the net present value of the anticipated future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities.

45 Financial Risk Management

The Company's business activities are exposed to a variety of financial risks namely liquidity risk, market risks and credit risk. The Company's senior management has the overall responsibility for establishing and governing the Company's risk management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set and monitor appropriate risk limits and controls, periodically review the changes in market conditions and reflect the changes in the policy accordingly.

A. Management of Liquidity Risk

Liquidity risk is the risk that the Company will face in meeting its obligations associated with its financial liabilities. The Company's approach in managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses. In doing this management considers both normal and stressed conditions.

Notes

forming part of Financial Statements for the year ended March 31, 2018

The Company maintained a cautious liquidity strategy with a positive cash balance throughout the year ended 31st March, 2018 and 31st March, 2017. Cash flow from operating activities provides the funds to service the financial liabilities on a day-to-day basis.

The Company regularly monitors the rolling forecasts to ensure it has sufficient cash on an on-going basis to meet operational needs. Any short term surplus cash generated over and above the amount required for working capital management and other operational requirements is retained as cash and cash equivalents (to the extent required) and any excess is invested in highly marketable debt investments with appropriate maturities to optimise the cash returns on investments while ensuring sufficient liquidity to meet its liabilities.

The following table shows the maturity analysis of the Company's financial liabilities based on contractually agreed undiscounted cash flows along with its carrying value as at the Balance Sheet date.

(₹ in Lakhs)

	Carrying amount	Payable within 1 year	More than 1 years	Total
As at 31st March, 2018				
Financial liabilities				
Trade payables (including acceptances)	21,433.37	21,433.37	-	21,433.37
Borrowings	187.82	-	187.82	187.82
Unpaid dividend	13.54	13.54	-	13.54
Other Payables	15.44	15.44	-	15.44
As at 31st March, 2017				
Financial liabilities				
Trade payables (including acceptances)	29,647.32	29,647.32	-	29,647.32
Borrowings	163.86	-	163.86	163.86
Unpaid dividend	12.49	12.49	-	12.49
Other Payables	11.94	11.94	-	11.94

B. Management of Market Risk

The Company's size and operations result in it being exposed to the following market risks that arise from its use of financial instruments:

Currency Risk
Price Risk
Interest Rate Risk

The above risks may affect the Company's income and expenses, or the value of its financial instruments. The Company's exposure to and management of these risks are explained below.

1. CURRENCY RISK

POTENTIAL IMPACT OF RISK

The impact of risk due to change in foreign currency value is very minute on the company as the company's exposure to foreign currency is very low.

As at 31st March, 2018, the net unhedged exposure to the Company on holding financial assets (trade receivables and capital advances) and liabilities (trade payables and capital creditors) other than in their functional currency amounted to ₹ 13.01 Lakhs receivable (31st March, 2017 ₹ Nil Lakhs).

Notes

forming part of Financial Statements for the year ended March 31, 2018

MANAGEMENT POLICY

The Company is not majorly exposed to foreign currency exchange risk because of its low volume foreign currency transactions, even though management exercises proper precautions to minimize the currency risk in foreign exchange transactions. The company deals with US Dollar and Euro for its foreign currency transactions.

The Company makes its exports against advance irrevocable LC to mitigate the risk of currency exchange due to delay in remittances. The company does not opt for forward exchange contracts. Foreign exchange transactions are closely monitored to reduce the risk.

The aim of the Company's approach to management of currency risk is to leave the Company with no material residual risk.

SENSITIVITY TO RISK

A 5% strengthening of the INR against key currencies to which the Company is exposed (net of hedge) would have led to approximately an additional ₹ 0.65 Lakhs gain in the Statement of Profit and Loss (2016-17: ₹ Nil Lakhs). A 5% weakening of the INR against these currencies would have led to an equal but opposite effect.

2. PRICE RISK

POTENTIAL IMPACT OF RISK

The Company is exposed to the price risk due to its investment in debt mutual funds. The price risk arises due to uncertainties about the future market values of these investments.

At 31st March 2018, the investments in debt mutual funds amounts to ₹ 53708.50 Lakhs (31st March, 2017 ₹ 62697.12 Lakhs). These are exposed to price risk.

MANAGEMENT POLICY

The Company takes all the precautions to minimize price risk arising from investments in debt mutual funds. The company is investing mainly in debt mutual funds through leading mutual fund companies and in best mutual funds where price risk is very low. The company examines fund performance, rating, liquidity and risk aspects before investing.

SENSITIVITY TO RISK

A 0.5% increase in prices would have led to approximately an additional ₹ 268.54 Lakhs gain in the Statement of Profit and Loss Or Other Comprehensive Income (2016-17 ₹ 313.49 Lakhs gain). A 0.5 % decrease in prices would have led to an equal but opposite effect.

3. INTEREST RATE RISK

POTENTIAL IMPACT OF RISK

The impact of interest rate risk is very minute on the company as the company does not have exposure to any interest rate sensitive investments or securities.

The company does not have any investment in interest sensitive securities/bonds as on 31st March 2018 and 2017.

MANAGEMENT POLICY

The Company makes maximum of the investments in non interest sensitive sectors to mitigate interest rate risk

SENSITIVITY TO RISK

A 0.25% or 0.50% increase/decrease in interest rates will not make any difference to the company profit or loss as there are no interest rate sensitive investments.

C. Management of Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counter-party fails to meet its contractual obligations.

Trade receivables

Concentration of credit risk with respect to trade receivables is moderate due to the Company's customer base being large and diverse and also company receives good amount of receipts towards advances. All trade receivables are reviewed and assessed for default on a quarterly basis based on collections and ageing.

Our historical experience of collecting receivables is that credit risk is moderate. Hence trade receivables are considered to be a single class of financial assets.

Other financial assets

The Company maintains exposure in cash and cash equivalents, term deposits with banks, investments

Notes

forming part of Financial Statements for the year ended March 31, 2018

money market liquid mutual funds and derivative instrument with financial institutions. The Company has set counter-parties limits based on multiple factors including financial position, credit rating, etc. The Company has given inter-corporate deposits (ICD) only to its subsidiaries amounting ₹ 850 Lakhs (31st March, 2017 ₹ Nil Lakhs).

The Company's maximum exposure to credit risk as at 31st March, 2018 and 2017 is the carrying value of each class of financial assets.

46 Disclosures Pursuant to Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Section 186 of The Companies Act, 2013

48 Employee Benefit plans

The gratuity scheme is a final salary Defined Benefit Plan that provides for a lump sum payment made on exit either by way of retirement, death, disability or voluntary withdrawal. The benefits are defined on the basis of final salary and the period of service and paid as lump sum at exit. The plan design meant the risks commonly affecting the liabilities and the financial results are expected to: A97

- Interest rate risk:** the defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.
- Salary inflation risk:** Higher than expected increases in salary will increase the defined benefit obligation.
- Demographic risk:** For example, as plan is open to new entrants an increase in membership will increase the defined benefit obligation. Also the plan only provides benefits upon completion of a vesting criteria. Therefore if turnover rates increase then the liability will tend to fall as fewer employees reach vesting period.

1 - Reconciliation of Defined Benefit Obligation

(₹ in Lakhs)

Particulars	For the year ended March 31, 2018	For the year ended March 31, 2017

Independent Auditor's Report – Consolidated

To
The Members of

Kaveri Seed Company Limited

Report on the Consolidated Ind AS Financial Statements

We have audited the accompanying consolidated Ind AS financial statements of Kaveri Seed Company Limited (“the Holding Company”) and its subsidiaries (the Holding Company and its subsidiaries together referred to as “the Group”), comprising the Consolidated Balance Sheet as at 31 March 2018, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Cash Flow Statement, the Consolidated Statement of Changes in Equity, for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as “the consolidated Ind AS financial statements”).

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in the terms of the requirements of the Companies Act, 2013 (“the Act”) that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive income), consolidated cash flows and consolidated statement of changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards prescribed under Section 133 of the Act, read with relevant rules made thereunder. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding the assets of the group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. In conducting

our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated Ind AS financial statements.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements / financial information of the subsidiaries, the aforesaid consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2018, and their consolidated profit (including other comprehensive income), their consolidated cash flows and consolidated changes in equity for the year ended on that date.

Other Matters

We did not audit the financial statements of five subsidiaries whose financial statements / financial information reflect total assets of ₹ 7,636.42 Lakhs as at 31 March 2018, total revenues of ₹ 9,675.91 Lakhs and net cash inflows amounting to ₹ 125.78 Lakhs for the year ended on that date, as considered in the consolidated Ind AS financial statements. These financial statements / financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates the aforesaid subsidiaries is based solely on the reports of the other auditors.

Our opinion above on the consolidated Ind AS financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of subsidiaries, referred in the 'Other Matters' paragraph, we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements;
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated Ind AS financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors;
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Cash Flow Statement and Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated Ind AS financial statements;
- (d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act, read with relevant rules made thereunder;

- (e) On the basis of the written representations received from the directors of the Holding Company as on 31 March 2018 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies, none of the directors of the Group companies incorporated in India is disqualified as on 31 March 2018 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A", which is based on the auditor's reports of the Parent company and subsidiary companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Parent's/ subsidiary company's incorporated in India internal financial controls over financial reporting, and
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements as also the other financial information of the subsidiaries, as noted in the 'Other matter' paragraph:
 - i. The consolidated Ind AS financial statements disclose the impact of pending litigations on the consolidated financial position of the Group - Refer Note No.50 to the consolidated Ind AS financial statements;
 - ii. the group has made provision, as required under the applicable laws or accounting standards, for material foreseeable losses, if any, on long term contracts
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company.

Annexure A

to the Independent Auditor's Report

(Referred to in paragraph 1(f) under "Report on Other Legal and Regulatory Requirements" section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended 31 March 2018, we have audited the internal financial controls over financial reporting of Kaveri Seed Company Limited ("the Holding Company") and its subsidiary companies which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards

and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts

and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated Ind AS financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary companies have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

2 Summary of significant accounting policies

2.1 Statement of Compliance

The financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Companies Act, 2013, read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, relevant provisions of the Act and other Accounting principles generally accepted in India. The Group has adopted Indian Accounting Standards from the financial year 2016-17 and the date of transition to Ind AS is April 1, 2015.

The Consolidated financial statements have been authorised for issue by the board of directors of the company on 24th May 2018.

2.2 Basis for preparation of financial statements

The financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements. All assets and liabilities have been classified as current or non current as per the Group's normal operating cycle and other criteria asset out in the

Notes

forming part of Consolidated Financial Statements for the year ended March 31, 2018

Division II of Schedule III of Companies Act 2013. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

2.3 Use of Estimates

The preparation of financial statements requires the management of the Group to make estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of financial statements, disclosure of contingent liabilities as at the date of the financial statements, and the reported amounts of income and expenses during the reported period. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the financial statements.

2.4 Property, Plant & Equipment and Other Intangible assets

Property, plant and equipment is stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Statement of Profit and Loss during the period in which they are incurred. Gains or losses arising on retirement or disposal of property, plant and equipment are recognised in the Statement of Profit and Loss. Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress". Depreciation is provided on a pro-rata basis on the WDV method based on estimated useful life prescribed under Schedule II to the Companies Act, 2013.

Freehold land is not depreciated.

Separately purchased intangible assets are initially measured at cost. Intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

2.5 Biological Asset

Recognition and measurement

The Group recognises the biological asset (agricultural produce) when:

- (a) the Group controls the asset as a result of past events;
- (b) it is probable that future economic benefits associated with the asset will flow to the Group; and
- (c) the fair value or cost of the asset can be measured reliably.

The biological asset are measured on initial recognition and at the end of each reporting period at its fair value less costs to sell.

2.6 Leases

Leases in which a substantial portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments and receipts under such leases are recognised to the Statement of Profit and Loss on a straight-line basis over the term of the lease unless the lease payments to the lessor are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, in which case the same are recognised as an expense in line with the contractual term.

2.7 Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale are added to the cost of those assets until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.8 Government Grants

Government Grants are recognised in profit or loss on a systematic basis over the periods in which the Group recognises as expenses the related cost for which the grants are intended to compensate. Specifically government grants whose primary condition is that the Group purchase, construct or otherwise acquire non-current assets are

Notes

forming part of Consolidated Financial Statements for the year ended March 31, 2018

recognised as deferred revenue in the balance sheet and transferred to profit or loss on a systematic and rational basis over the useful lives of the related assets.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable.

2.9 Impairment of Assets

i) Financial assets

Group assesses at each balance sheet date whether there is objective evidence that a financial asset or a Group of financial assets is impaired. A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset.

Impairment loss on financial assets carried at amortised cost is measured at the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the financial asset's original effective interest rate. In a subsequent period if the amount of impairment loss decreases and the decreases can be related objectively to an event the previously recognised impairment is reversed through profit or loss.

ii) Non-financial assets

Property, Plant & Equipment and Other Intangible assets

Property, Plant and Equipment and Other intangible assets with definite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the profit or loss.

2.10 Revenue recognition

Revenue from sale of goods is recognised when all the significant risks and rewards of ownership in the goods are transferred to the buyer as per the terms of the contract, there is no continuing managerial involvement with the goods and the amount of revenue can be measured reliably. The Group retains no effective control of the goods transferred to a degree usually associated with ownership and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods. Revenue is measured at fair value of the consideration received or receivable after deduction of any trade discounts, schemes, volume rebates and any taxes or duties collected on behalf of the government which are levied on sales such as sales tax, value added tax, etc.

Income from export incentives such as duty drawback and premium on sale of import licenses and lease license fee are recognised on accrual basis.

2.11 Dividend and Interest Income

Dividend income from investments is recognised when the shareholders right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.12 Foreign currency transactions

The functional currency of the Group is Indian Rupees (INR).

Notes

forming part of Consolidated Financial Statements for the year ended March 31, 2018

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Gains and losses arising on settlement are included in the profit or loss.

2.13 Financial Instruments

Financial assets and liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument.

Financial assets and liabilities are measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured of financial asset or financial liability.

Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised in profit or loss.

i) Non-derivative financial instruments

Cash and cash equivalents

The Group considers all highly liquid financial instruments which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

The Group has made an irrevocable election to present the changes in fair value of investments not held for trading in other comprehensive income.

Financial assets at fair value through Profit or loss

Financial assets are measured at fair value through profit or loss unless they are measured at cost or at fair value through other comprehensive income.

The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in statement of profit or loss.

Financial liabilities

Financial liabilities at fair value through profit and loss are stated at fair value with any gains or losses arising on remeasurement recognised in profit and loss.

For trade and other payables maturing within one year from the Balance Sheet date the carrying amounts approximate fair value due to the short maturity of these instruments.

2.14 Employee Benefits

a) Gratuity:

The Group accounts for its gratuity liability a defined retirement benefit plan covering eligible employees. The gratuity plan provides for a lump sum payment to employees at retirement, death, incapacitation or termination of the employment based on the respective employee's salary and the tenure of the employment. Liabilities with regard to a Gratuity plan are determined based on the actuarial valuation carried out by an independent actuary as at the Balance Sheet date using the Projected Unit Credit method for the Group.

Actuarial gains and losses are recognised in full in other comprehensive income and accumulated in equity in the period in which they occur.

b) Provident fund:

The eligible employees of the Group are entitled to receive the benefits of Provident fund a defined contribution plan in which both employees and the Company and its subsidiaries make monthly contributions at a specified percentage of the covered employees' salary (currently at 12% of the basic salary) which are charged to the Statement of Profit and Loss on accrual basis. The provident fund contributions are paid to the Regional Provident Fund Commissioner by the Company and its subsidiaries.

The Group has no further obligations for future provident fund and superannuation fund benefits other than its annual contributions.

Notes

forming part of Consolidated Financial Statements for the year ended March 31, 2018

c) **Compensated absences:**

The Group provides for the encashment of leave subject to certain Company's rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment or availment. The liability is provided based on the number of days of unavailed leave at each Balance Sheet date on the basis of an independent actuarial valuation using the Projected Unit Credit method for the Company and its subsidiaries.

The liability which is not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised based on actuarial valuation as at the Balance Sheet date.

Actuarial gains and losses are recognised in full in the Statement of Profit and Loss in the period in which they occur.

The Group also offers a short term benefit in the form of encashment of unavailed accumulated compensated absence above certain limit for all of its employees and same is being provided for in the books at actual cost.

d) **Other short term employee benefits:**

Other short-term employee benefits such as performance incentives expected to be paid in exchange for the services rendered by employees are recognised during the period when the employee renders the service.

2.15 **Share Based Payment Arrangements**

Employees of the Group receive remuneration in the form of sharebased payments in consideration of the services rendered.

Under the equity settled share based payment the fair value on the grant date of the awards given to employees is recognised as 'employee benefit expenses' with a corresponding increase in equity over the vesting period. The fair value of the options at the grant date is calculated by an independent valuer basis Black Scholes model. At the end of each reporting period apart from the non market vesting condition the expense is reviewed and adjusted to reflect changes to the level of options

expected to vest. When the options are exercised the Group issues fresh equity shares.

For cash-settled share based payments the fair value of the amount payable to employees is recognised as 'employee benefit expenses' with a corresponding increase in liabilities over the period of non market vesting conditions getting fulfilled. The liability is remeasured at each reporting period up to and including the settlement date with changes in fair value recognised in employee benefits expenses.

2.16 **Inventories**

Inventories comprise of Raw and Packing Materials, Work in Progress, Finished Goods(Manufactured and Traded). Inventories are valued at the lower of cost or the net realisable value after providing for obsolescence and other losses where considered necessary. Cost is determined on FIFO basis. Cost includes all charges in bringing the goods to their present location and condition including octroi and other levies, transit insurance and receiving charges. The cost of work-in-progress and finished goods comprises of materials, direct labour, other direct costs and related production overheads. Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

2.17 **Trade Receivables**

Trade receivables are stated at net of advances. Ageing of receivable are considered as tool to determine the degree of liquidity. Receivable due for more than two years and balance considered doubtful, referred for recovery through legal proceeding are considered for provision.

2.18 **Taxation**

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to / recovered from the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemption in accordance with the tax laws applicable in India.

Minimum Alternative Tax (MAT) paid in accordance with the tax laws, which gives rise to future economic benefits in the form of adjustment of future income tax liability is considered as an asset if there is convincing evidence that the Group will pay normal tax in future periods.

Notes

forming part of Consolidated Financial Statements for the year ended March 31, 2018

Accordingly, it is recognized as an asset in the Balance Sheet when it is probable that the future economic benefit associated with it will flow to the Group and the asset can be measured reliably.

Deferred income taxes

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred income tax asset are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

Deferred income tax liabilities are recognised for all taxable temporary differences except in respect of taxable temporary differences associated with investments in subsidiaries where the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

2.19 Earnings per Share

Basic earnings / (loss) per share are calculated by dividing the net profit / (loss) for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings / (loss) per share the net profit / (loss) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been issued at fair value. Dilutive potential equity shares are deemed converted as of the beginning of the period unless issued at a later date.

2.20 Provision, Contingent Liabilities and Contingent Assets

A provision is recognized when the Group has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation in respect of which reliable estimate can be made. If the effect of the time value of money is material provisions are discounted using a current pre-tax rate that reflects when appropriate the risks specific to the liability. When discounting is used the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent Liabilities and Contingent Assets are not recognized in the financial statements.

2.21 Critical accounting estimates and judgements

In preparing these financial statements, Management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Information about significant areas of estimation, uncertainty and judgements in applying accounting policies that have the most significant effect on Consolidated financial statements are as follows.

- a) Provision for doubtful debts - Refer note no.14
- b) Provision for schemes - Refer note no.25
- c) Provision for returns - Refer note no.28
- d) Biological assets - Refer note no.13
- e) Measurement of useful life and residual values of property, plant and equipments and useful life of intangible assets - Refer note no.3

Rights, preferences and restrictions attached to equity shares

The Company has only one class of shares referred to as equity shares having a par value of ₹2 per share. Each shareholder is eligible for one vote per share held and carry a right to dividend. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting, except in case of interim dividend. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion to their shareholding.

Notes

forming part of Consolidated Financial Statements for the year ended March 31, 2018

General Reserve: The Company has transferred a portion of the net profit of the Company before declaring dividend to general reserve pursuant to the earlier provisions of Companies Act 1956. Mandatory transfer to general reserve is not required under the Companies Act 2013.

Securities Premium Reserve: The amount received in excess of face value of the equity shares is recognised in Securities Premium Reserve.

Retained Earnings: Retained earnings are the profits that the Company has earned till date less any transfers to general reserve, dividends, utilisations or other distributions paid to shareholders.

Other Comprehensive Income: The fair value change of the investments measured at fair value through other comprehensive income recognised through Other Comprehensive Income. Upon derecognition the cumulative fair value changes on the said investments are reclassified to the Statement of Profit and Loss. Accumulated gain or loss on employee benefits also recognised through other comprehensive income.

Capital Redemption Reserve: Face value of the No. of Shares cancelled through buyback is transferred to Capital Redemption Reserve.

45 Financial Instruments

Refer Note 2.13 for accounting policy on Financial Instruments.

A. Accounting Classification and Fair Values

The carrying amounts and fair values of financial instruments by class are as follows:

(₹ in Lakhs)

Particulars	As at March 31, 2018	As at March 31, 2017
FINANCIAL ASSETS		
Financial assets measured at fair value		
Investments measured at (Note 8)		
i. Fair value through other comprehensive income	54306.57	66809.34
	54,306.57	66,809.34
ii. Fair value through Profit & Loss Statement	7,953.22	-
	7,953.22	-
FINANCIAL LIABILITIES	-	-
	-	-

The Group has disclosed financial instruments such as cash and cash equivalents, other bank balances, trade receivables, current account balances with group companies, trade payables and unpaid dividends at carrying value because their carrying amounts are a reasonable approximation of the fair values due to their short term nature.

B. Income, Expenses, Gains or Losses on Financial Instruments

Interest income and expenses, gains or losses recognised on financial assets and liabilities in the Statement of Profit and Loss are as follows:

(₹ in Lakhs)

Particulars	Year ended March 31, 2018	Year ended March 31, 2017
Financial assets measured at fair value through other comprehensive income		
Investment in equity & debt instruments	1,363.99	973.68
Financial assets measured at fair value through Profit & Loss Statement		
Investment in equity & debt instruments	(43.96)	-

Notes

forming part of Consolidated Financial Statements for the year ended March 31, 2018

C. Fair Value Hierarchy

The fair value of financial instruments have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The categories used are as follows:

Level 1: Quoted Prices for identical Instruments in an active Market

Level 2: Directly or indirectly observable market inputs, other than Level 1 inputs, and

Level 3: Inputs which are not based on observable market data

For assets and liabilities which are measured at fair value as at Balance Sheet date, the classification of fair value calculations by category is summarized below:

	Level 1	Level 2	Level 3	Total
As at 31st March, 2018				
Assets at fair value				
Investments measured at:				
i. Fair Value through OCI	114.77	54,191.70	0.10	54,306.57
ii. Fair Value through Profit or Loss	-	7,953.22	-	7,953.22
As at 31st March, 2017				
Assets at fair value				
Investments measured at:				
i. Fair Value through OCI	115.99	66,692.81	0.54	66,809.34
ii. Fair Value through Profit or Loss	-	-	-	-

Calculation of Fair Values

The fair values of the financial assets and liabilities are defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Financial assets and liabilities measured at fair value as at Balance Sheet date:

- The fair values of investment quoted investment in equity shares is based on the current bid price of respective investment as at the Balance Sheet date.
- The fair values of investments in mutual fund units is based on the net asset value ('NAV') as stated by the issuers of these mutual fund units in the published statements as at Balance Sheet date. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which issuers will redeem such units from the investors.

Other financial assets and liabilities

- Cash and cash equivalents (except for investments in mutual funds), trade receivables, investments in term deposits, other financial assets trade payables, and other financial liabilities have fair values that approximate to their carrying amounts due to their short-term nature.

- Loans have fair values that approximate to their carrying amounts as it is based on the net present value of the anticipated future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities.

forming part of Consolidated Financial Statements for the year ended March 31, 2018

46 Financial Risk Management

The Group's business activities are exposed to a variety of financial risks, namely liquidity risk, market risks and credit risk. The Group's senior management has the overall responsibility for establishing and governing the Group's risk management framework. The Group's risk management policies are established to identify and analyse the risks faced by the Group to set and monitor appropriate risk limits and controls periodically review the changes in market conditions and reflect the changes in the policy accordingly.

A. Management of Liquidity Risk

Liquidity risk is the risk that the Group will face in meeting its obligations associated with its financial liabilities. The Group's approach in managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses. In doing this management considers both normal and stressed conditions.

The Group maintained a cautious liquidity strategy with a positive cash balance throughout the year ended 31st March, 2018 and 31st March, 2017. Cash flow from operating activities provides the funds to service the financial liabilities on a day-to-day basis.

The Group regularly monitors the rolling forecasts to ensure it has sufficient cash on an on-going basis to meet operational needs. Any short term surplus cash generated over and above the amount required for working capital management and other operational requirements is retained as cash and cash equivalents (to the extent required) and any excess is invested in highly marketable debt investments with appropriate maturities to optimise the cash returns on investments while ensuring sufficient liquidity to meet its liabilities.

The following table shows the maturity analysis of the Group's financial liabilities based on contractually agreed undiscounted cash flows along with its carrying value as at the Balance Sheet date.

(₹ in Lakhs)

	Carrying amount	Payable within 1 year	More than 1 years	Total
As at 31st March, 2018				
Financial liabilities				
Trade payables (including acceptances)	22,186.83	22,186.83	-	22,186.83
Borrowings	287.82	-	287.82	287.82
Unpaid dividend	13.54	13.54	-	13.54
Other Payables	15.44	15.44	-	15.44
As at 31st March, 2017				
Financial liabilities				
Trade payables (including acceptances)	30,263.13	30,263.13	-	30,263.13
Borrowings	463.86	-	463.86	463.86
Unpaid dividend	12.49	12.49	-	12.49
Other Payables	11.94	11.94	-	11.94

Notes

forming part of Consolidated Financial Statements for the year ended March 31, 2018

B. Management of Market Risk

The Group's size and operations result in it being exposed to the following market risks that arise from its use of financial instruments:

Currency Risk
Price Risk
Interest Rate Risk

The above risks may affect the Group's income and expenses, or the value of its financial instruments. The Group's exposure to and management of these risks are explained below.

1. Currency Risk

Potential Impact of Risk

The impact of risk due to change in foreign currency value is very minute on the Group as the Group's exposure to foreign currency is very low.

As at 31st March, 2018 the net unhedged exposure to the Group on holding financial assets (trade receivables and capital advances) and liabilities (trade payables and capital creditors) other than in their functional currency amounted to ₹ 110.65 Lakhs payable (31st March, 2017 ₹ Nil Lakhs)

Management Policy

The Group is not majorly exposed to foreign currency exchange risk because of its low volume foreign currency transactions even though management exercises proper precautions to minimize the currency risk in foreign exchange transactions. The Group deals with US Dollar and Euro for its foreign currency transactions.

The Group makes its exports mainly against advance irrevocable LC to mitigate the risk of currency exchange due to delay in remittances. The Group does not opt for forward exchange contracts. Foreign exchange transactions are closely monitored to reduce the risk.

The aim of the Group's approach to management of currency risk is to leave the Group with no material residual risk.

Sensitivity to Risk

A 5% strengthening of the INR against key currencies to which the Group is exposed (net of hedge) would have led

to approximately an additional ₹5.53 Lakhs gain in the Statement of Profit and Loss (2016-17: ₹Nil Lakhs gain). A 5% weakening of the INR against these currencies would have led to an equal but opposite effect.

2. Price Risk

Potential Impact of Risk

The Group is exposed to the price risk due to its investment in debt mutual funds. The price risk arises due to uncertainties about the future market values of these investments.

At 31st March 2018, the investments in debt mutual funds amounts to ₹53708.50 Lakhs (31st March, 2017 ₹ 62697.12 Lakhs). These are exposed to price risk.

Management Policy

The Group takes all the precautions to minimize price risk arising from investments in debt mutual funds. The Group is investing mainly in debt mutual funds through leading mutual fund companies and in best mutual funds where price risk is very low. The Group examines fund performance, rating, liquidity and risk aspects before investing.

Sensitivity To Risk

A 0.5% increase in prices would have led to approximately an additional ₹ 268.54 Lakhs gain in the Statement of Profit and Loss (2016-17 ₹ 313.49 Lakhs gain). A 0.5% decrease in prices would have led to an equal but opposite effect.

3. Interest Rate Risk

Potential Impact Of Risk

The impact of interest rate risk is very minute on the Group as the Group does not have exposure to any interest rate sensitive investments or securities.

The Group does not have any investment in interest sensitive securities/bonds as on 31st March 2018, and 2017.

Management Policy

The Group makes maximum of the investments in non interest sensitive sectors to mitigate interest rate risk.

Sensitivity to Risk

A 0.25% or 0.50% increase/decrease in interest rates will not make any difference to the Group profit or loss as there are no interest rate sensitive investments.

Notes

forming part of Consolidated Financial Statements for the year ended March 31, 2018

C. Management of Credit Risk

Credit risk is the risk of financial loss to the Group if a customer or counter-party fails to meet its contractual obligations.

Trade receivables

Concentration of credit risk with respect to trade receivables is moderate due to the Group's customer base being large and diverse and also Group receives good amount of receipts towards advances. All trade receivables are reviewed and assessed for default on a quarterly basis based on collections and ageing.

Our historical experience of collecting receivables is that credit risk is moderate. Hence trade receivables are considered to be a single class of financial assets.

Other financial assets

The Group maintains exposure in cash and cash equivalents, term deposits with banks and investments in money market liquid mutual funds with financial institutions. The Group has set counter-parties limits based on multiple factors including financial position, credit rating, etc.

The Group's maximum exposure to credit risk as at 31st March, 2018 and 2017 is the carrying value of each class of financial assets.

iii. Bank guarantees	82.66	82.83

Notes

forming part of Consolidated Financial Statements for the year ended March 31, 2018

51 Operating Leases

The Company's significant leasing arrangements are in respect of operating leases for lands and premises (residential, office, stores, godown etc.). These leasing arrangements which are cancellable (other than those specified below) range between 11 months and 10 years generally, or longer and are usually renewable by mutual consent on mutually agreeable terms. The aggregate lease rentals payable are charged as rent in the Statement of Profit and Loss.

The company does not have any non-cancellable agreements.

52 Employee benefit plans

The gratuity scheme is a final salary Defined Benefit Plan that provides for a lump sum payment made on exit either by way of retirement, death, disability or voluntary withdrawal. The benefits are defined on the basis of final salary and the period of service and paid as lump sum at exit. The plan design meant the risks commonly affecting the liabilities and the financial results are expected to:

- Interest rate risk:** the defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.
- Salary inflation risk:** Higher than expected increases in salary will increase the defined benefit obligation.
- Demographic risk:** For example as plan is open to new entrants an increase in membership will increase the defined benefit obligation. Also the plan only provides benefits upon completion of a vesting criteria. Therefore if turnover rates increase then the liability will tend to fall as fewer employees reach vesting period.

1 - Reconciliation of Defined Benefit Obligation

(₹ in Lakhs)

Particulars	For the year ended March 31, 2018	For the year ended March 31, 2017

The Principal Assumptions used for the purposes of the actuarial valuation as follows

Method used for sensitivity analysis: The sensitivity results above determine their individual impact on the Plan's end of year Defined Benefit Obligation. In reality the Plan is subject to multiple external experience items which may move the Defined Benefit Obligation in similar or opposite directions while the Plan's sensitivity to such changes can vary over time.

53 Segment Information

The Group has identified and reported three reportable segments viz., Seeds, Micronutrients and Vegetables based on the nature of products and service, the differing risks and returns and the internal reporting systems. The accounting policies adopted for segment reporting are in line with the accounting policy of the Group.

Segment information is as follows:

(₹ in Lakhs)

S.No	Particulars	Segment						Total	
		Seeds		Micronutrients		Vegetables		2017-18	2016-17
		2017-18	2016-17	2017-18	2016-17	2017-18	2016-17
